

**2013 Esri Europe, Middle East and Africa  
User Conference**

October 23-25, 2013 | Munich, Germany

**ArcPy in Education. Lessons  
learnt in the MSE master's  
programme**

Prof. Hans-Jörg Stark

# ArcPy in Education (MSE)

## Geomatics @ University of Applied Sciences and Arts Northwestern Switzerland

### Facts & Figures

Students Bachelor: ~65

Students Master: ~8

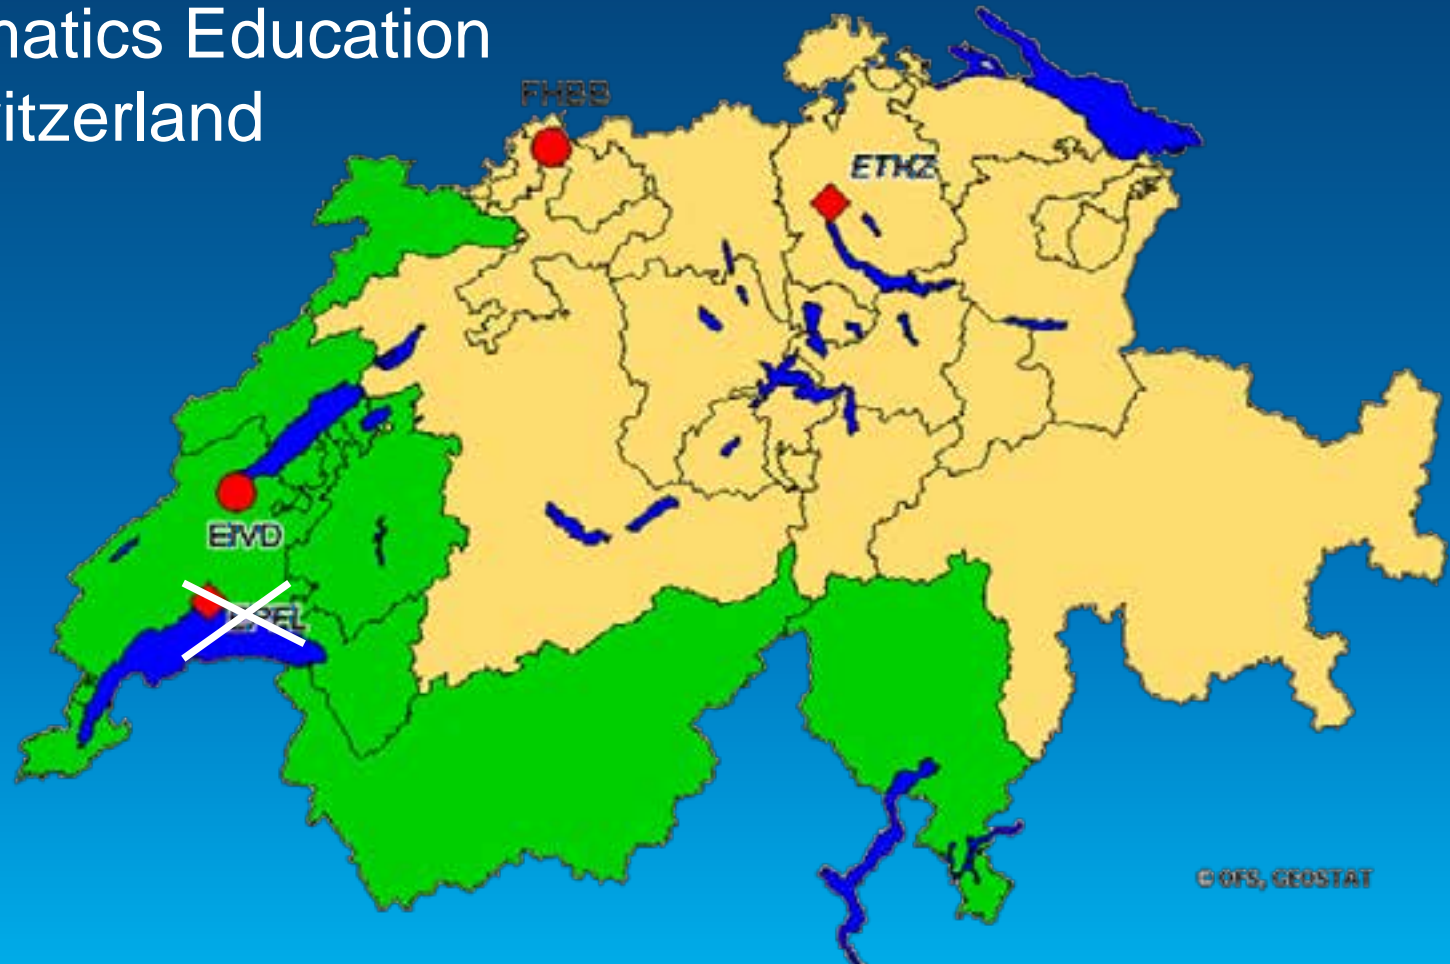

: ~ 85%

: ~ 15%

Education since 1963 (!)

# ArcPy in Education (MSE)

## Geomatics Education in Switzerland

# ArcPy in Education (MSE)

MASTER OF SCIENCE  
IN ENGINEERING

**Local Modules**  
57 ECTS-Credits

**Central Modules**  
33 ECTS-Credits

© Source: Rahmenkonzept Version 1.0 / 10.Okt.06

# ArcPy in Education (MSE)

Central Module “Geoprocessing”

- Understanding structures of Geoinformation (GI)
- Processing data independent of GI-Software
- Active & passive skills in writing their own GI processing scripts

# ArcPy in Education (MSE)

Central Module “Geoprocessing”

- Read/write vector data (file- and DB-based)
- Read/write raster data
- Process data (geometry and attribute operations)

# ArcPy in Education (MSE)

Central Module “Geoprocessing”

- Basic cartographic rendering
- Orchestrate semi-complex workflows

# Central Module “Geoprocessing”

## Central Module “Geoprocessing”

- Most of the tasks: FOSS
  - Script-based and commandline-oriented

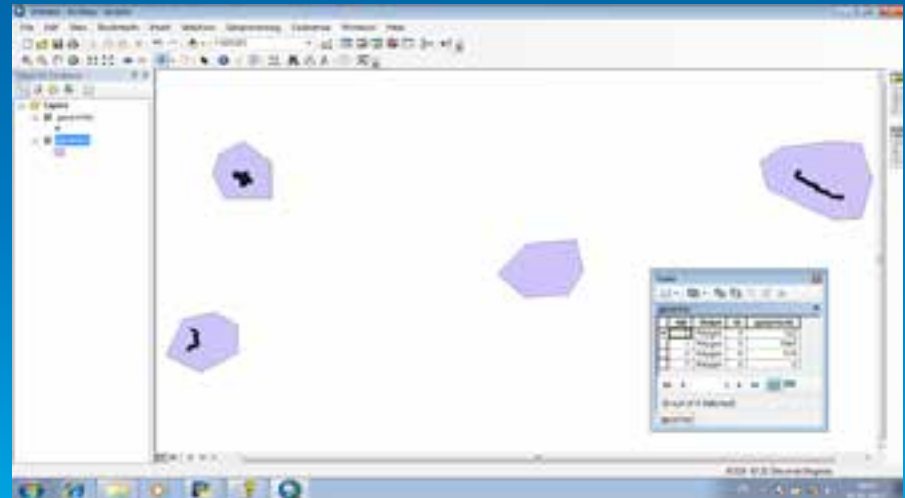

- Alternative: ArcPy  python +  ArcPy
  - Script-based – but not only!
  - Well-integrated into GI-Software
  - Builds on (familiar) objective-model
  - “Cause and effect” easily visualised in ArcGIS
  - Good online documentation

# ArcPy in Education (MSE)

Central Module “Geoprocessing”

- Current Contents:
  - Scripting with ArcPy and Debugging, Parameter, integration with ArcToolbox
  - Lists, Cursors
  - Reading / writing GI
  - Design & process semi-complex task

# ArcPy in Education (MSE)

Central Module “Geoprocessing”

- Wishlist:
  - Performance.../ stability
  - Plattform independence (support Mac OS!!)

# Thank you!
