ArcGIS Maps for Adobe Creative Cloud

Design with Data-Driven Maps

Seamless experience using familiar tools to produce maps with the aesthetic you want
ArcGIS Maps for Adobe Creative Cloud
www.esri.com/adobecc

Direct access to data-driven maps and spatial content from the ArcGIS community

Maps directly added to designs as vector layers or high-resolution images

Sharing map assets between designers & your GIS analysts

Quickly find and discover data and build simple clean informative maps for multiple output mediums
Mapboard

*Geographic extent, map scale, and media size*

Extent – Scale – Size

Defined by web map or interactively

Edit mode disables navigation

>1 and navigation

**NOT** a preview of the map
Compilation

Add and preview geographic content

IS a preview of the map

Browse:

ArcGIS Online | Living Atlas
My Organization
Share items to groups tagged "M4CC"
Items > Query Enabled = Vector access

Direct Add:

Txt, CSV, Shape and KML
ArcGIS Online Item (web map or layer) URL
Places (geosearch)
Setting, Sync & Processes

*Design ready artwork layers in Illustrator and Photoshop*

Manage
- Layers | Base map
- Projections

Sync
- Document layers
- >1x syncs
- (Un) Locked mapboards

Processes
- Auto-run on sync
- Interactively
- Symbol replacement
Demo

ArcGIS Online

My Org + Tagging

Shape Files

Compile

Processes
Photoshop

*Raster image data*

Like Illustrator but…

Raster document layers

Image services 👍

$x$ syncs = $x$ layers

No processes
