Discover our Capabilities; Build our Future

EXPL  RE

DISCOVER

use  [v. yooz or for pt for mof 9, yoost; n. yoos]
verb (used with object), used, us-ing.
1. to employ for some purpose; put into service

After we separate the obsolete from the capable solutions, how do we explore available inventory of programs or software to discover capabilities that currently exist and use them as solutions?

Esri National Security Summit

“Collaboration Is the New Competition”

Limit the Impact

Save Lives and Protect Property

Improve the Response

Kick Start the Recovery

Esri National Security Summit

Because at the end of the day...

The American people will judge you by three things.

Did you...

Save my life

Reduce Human Suffering

Protect my Property

“We are all in this together” – Chris Johnson, GeoHuntsville
