

Esri International User Conference | San Diego, CA
Technical Workshops | 7/14/2011

ArcGIS for Land Records: Configuring

Scott Oppmann
Lindsay Thomas

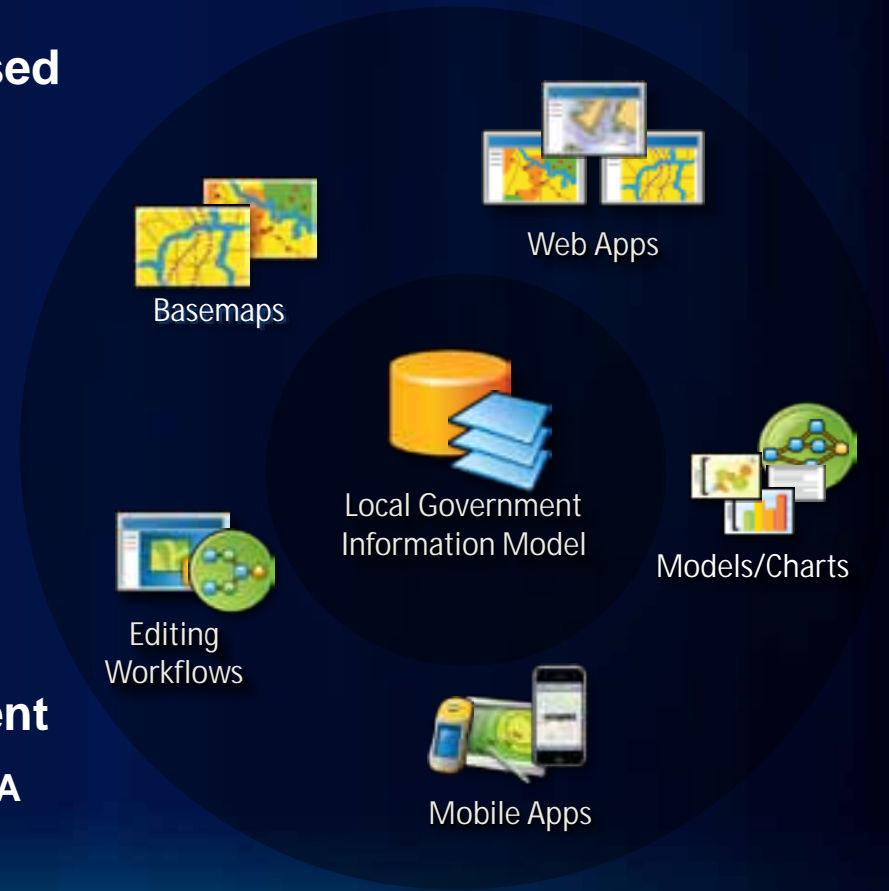

Agenda

- **Introduction**
- **The Local Government Information Model**
- **Configuring the Land Records Maps and Apps**
- **Summary**
- **Your Feedback**

ArcGIS for Local Government

A product for Esri's local government customers

- **A series of useful maps and apps focused on public safety work**
 - Organized into modules
 - Extensible, configurable
 - A foundation for Partner solutions
- **Participation in the online community**
 - Best Practices / Implementation Support
- **Esri Services and Partner offerings**
 - Help implement, sustain and enhance
- **One ArcGIS product for local government**
 - Freely available for individual customer and ELA engagements

.....available on-premise or in the cloud

Our Mission

Help you increase the value of GIS in your organization

- **Make it easier to deploy ArcGIS**
 - Deliver applications quickly throughout your organization
 - Stay current with future releases / avoid legacy technology
 - Create a platform of geospatial data that can be leveraged by many
- **Address common constraints in local government**
 - Size and skills of staff
 - Budget and time available to implement
- **Empower the community to contribute**
 - Users
 - Partners

ArcGIS for Local Government

Changing the way you deploy GIS

...reducing time, risk and cost so GIS is easier to deploy and maintain

Local Government Information Model

- Supports public safety map and app requirements
 - Traditional and non-traditional apps
- In the context of larger local government model
- Fully documented
 - Features, layers and packages
- Central repository, organized around thematic content and logical permission model
- Organized access/maintenance patterns
 - GDB replication, layers and services
- Easy to adopt and extend

Safe FME support coming this summer....

Local Government Basemaps

Standard set of basemaps that support land records desktop, web and mobile apps

Parcel (Public Access)

Tax Map

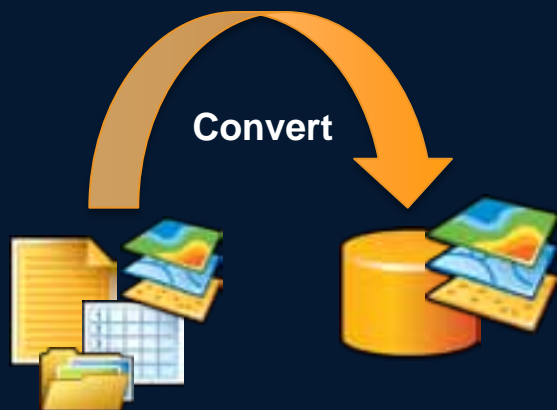

Imagery Hybrid

Adopting the Local Government Information Model

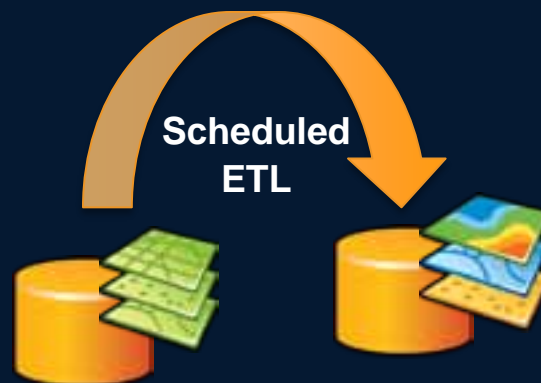

Many ways to leverage the land records maps and apps

Adopt the Information Model

Can use all maps and apps
Tools (GP and FME) to help you get there
Can incrementally add new maps and apps
Services Packages available if needed

Use it as a Publishing Model

Can use basemaps, web apps, and mobile apps
ETL required to sync content with your GDB
Incorporate editing workflows over time

Implementing the Information Model

Getting started is quite easy

Create Empty Development GDB

Use LPK and Data Dictionary / Configure as necessary

Migrate Schema to RDBMS

Only required for multi-user editing and feature services

Migrate data to information model

Validate MXDs and Toolboxes

Publish map services

Cache basemaps

Local Government Information Model

Scott Oppmann

Land Records Maps and Apps

- Tax Parcel Editing
- Tax Parcel Map Book
- Parcel Value for iPhone
- Tax Parcel Viewer
- Value Analysis Dashboard

Tax Parcel Editing

Fulton County Dept. of Health and Wellness/District 3, Unit 2, GSA

DeKalb County Board of Commissioners

Tax Map Book

DeKalb County Board of Commissioners

Fulton County Dept. of Health and Wellness/District 3, Unit 2, Office

Parcel Value for iPhone

Fulton County Dept. of Health and Wellness/District 3, Unit 2, G14

DeKalb County Board of Health

Tax Parcel Viewer

Fulton County Dept. of Health and Wellness/District 3, Unit 2, 04

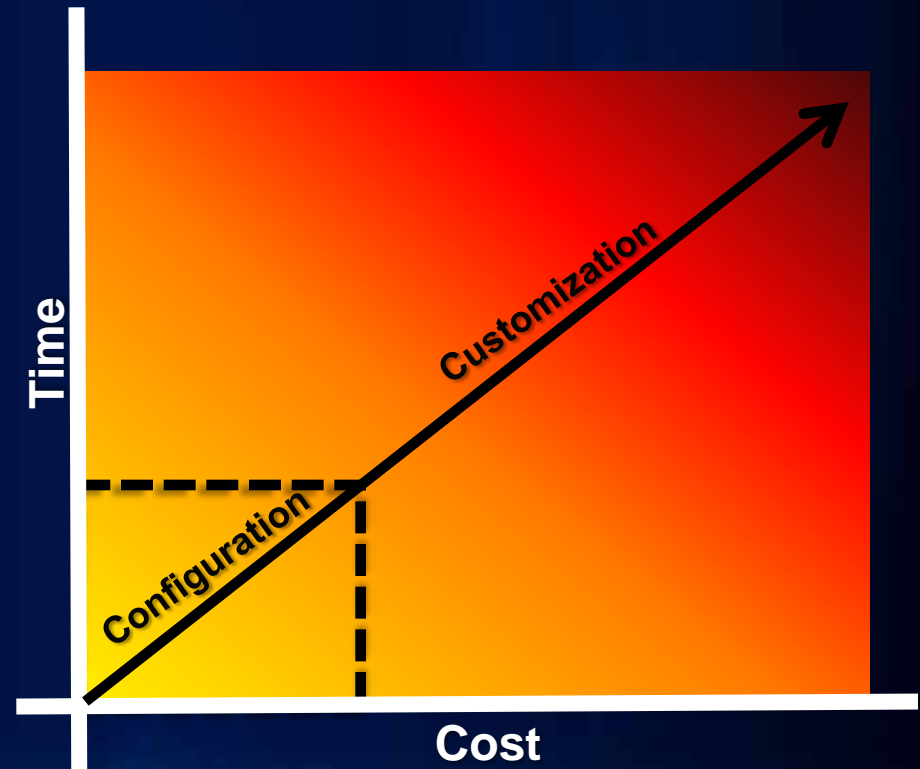

DeKalb County Board

Value Analysis Dashboard

Maps and Apps Wrap Up

- **Configuration don't customize**
 - Implement quickly
 - Easy to add new capabilities
 - Simple to maintain
 - Easy to extend
 - Reduce Risk/Time/Cost
 - Sustainable

....Configuration starts at the data model

Summary

- **Our Goals**
 - **Deliver a “land records GIS” that enables your success**
 - **Evolve and grow the collection of apps**
 - **Provide a platform for partners to deploy their solutions**
- **We want your participation and involvement**
 - **Download the maps and apps**
 - **Provide feedback on existing content**
 - **Identify opportunities for new content**
