Agenda

• ArcGIS for Local Government Solution
• Election Results
• Configuring the Election Results
• Election Polling Place
• Configuring the Election Polling Place
• How to get started with Election apps in your organization
• Summary
• Questions
ArcGIS for Local Government
A product for Esri’s local government customers

• A series of useful maps and apps focused on local government work
  - Organized into modules
  - Extensible, configurable
  - A foundation for Partner solutions

• An online community
  - Best Practices / Implementation Support

• A network of Esri Services and Partner offerings
  - Help users implement, sustain and enhance

…..Available on-premise or in the cloud
Our Mission

Help increase the value of GIS in local government organizations

• Make it easier to deploy ArcGIS
  - Deliver applications quickly throughout your organization
  - Stay current with future releases / avoid legacy technology
  - Create a platform of geospatial data that can be leveraged by many

• Address common constraints in local government
  - Size and skills of staff
  - Budget and time available to implement

• Empower the community to contribute
  - Users
  - Partners
Our Mission

Help increase the value of GIS in local government organizations

• Make it easier to deploy ArcGIS
  - Deliver applications quickly throughout your organization
  - Stay current with future releases / avoid legacy technology
  - Create a platform of geospatial data that can be leveraged by many

• Address common constraints in local government
  - Size and skills of staff
  - Budget and time available to implement

• Empower the community to contribute
  - Users
  - Partners

Configuration Patterns

• Influential factors
  - COTS and configurable solutions strategy
  - Deployment time
  - Technical expertise

• Three configuration patterns
  - Complete system adoption
  - Publish and adopt
  - Sample code and customize

• Where do you start?
  - With your business requirements (NOT the GDB!)
  - Align them with maps and apps
  - Review system configuration patterns
What’s Next
Solution Offering

• Model Online Implementation
  - Roles, Groups, Information Products, etc.
• Quarterly Release Schedule
• Online Help Documentation
• Complimentary Partner offerings
  - ArcGIS for Local Government Partner Specialty
Summary

• Our Goals
  - Deliver a “local government GIS” that enables your success
  - Evolve and grow the collection of apps
  - Provide a platform for partners to deploy their solutions

• We want your participation and involvement
  - Download the maps and apps
  - Provide feedback on existing content
  - Identify opportunities for new content
Steps to evaluate UC sessions

• My UC Homepage > “Evaluate Sessions”

• Choose session from planner
  OR

• Search for session

www.esri.com/ucsessionssurveys
• Thank you for attending
• Open for Questions

• Please fill out the evaluation:

  www.esri.com/ucsessionsurveys

  First Offering ID: 287
  Second Offering ID: 1907
