Adapting a Template to your Organization
Phil Suarez | Lyle Wright
What is a Template?

Fully documented and open source

- **Maps**
  - Useful examples of standard information products
    - MPK, Web Maps etc..

- **Tools**
  - Standalone Tools or scripts

- **Services**
  - Map, Image, Geoprocessing, Event Processing

- **Application Configurations**

Templates are not new technology! They build on what you already have and use.
Sharing the Tradecraft
Making GIS relevant to the mission

Intelligence Reports
Crisis Report
Indication and Warnings
Incident Analysis
Compound Mapping
Infrastructure Analysis
Daily Brief

Culture Report
Country Book
Intelligence Summary
Position Analysis
HUMINT Report
