Briefing in a Disconnected Environment

Tara Mott
Natalie Feuerstein
What is the Briefing Book App?

- Intuitive and configurable web app to create briefing products
- Easily embed dynamic content, e.g., maps, video and images directly into web app
- Briefing product created can be viewed in either connected or disconnected environment
Why?

• Briefings to leadership occur everyday!
• Could be more effective…with interactive and dynamic maps, of course!
• May need to occur in disconnected environments…or on the go!
How does it work?

1. Author Briefing Book App

2. Provision Briefing Book (Package for disconnected environment)

3. View Briefing Book Product (Query, Edit, Perform Analysis)
Briefing Book App
