Get It Surveyed: GIS and Survey Interaction

David Morehead and Lea Harper
Manatee County, FL
Accuracy and Availability is Critical

Elevation → Flood Risks → Insurance Premiums
We needed help!
Georeferenced Surveys

• Consolidated the work of multiple departments

• One-stop shop for survey information and history

• Eliminated duplication and unnecessary spending
**Benchmark Recovery Applications**

**Benchmark Recovery Manager**
- Controlled access
- Review all submissions for QAQC
- Approve submissions for public view

**Benchmark Recovery Reporter**
- Simple user interface
- Displays approved benchmarks
- Vendors required to use app on the job
Has it been worth it?

- Improved transparency
- Public assurance on flood risks
- Cuts in labor and resource costs
- Reduced time spent researching
- Better cost estimates for projects
Thank you!
