Plan & Create

Evaluate & Improve

Execute & Manage
Tasks

**Tasks are fantastic!**
- Streamline repeatable processes
- Improve quality and consistency
- Act like a living help document

**Also interested in...**

- User Reassignment
- Geographical Location of Interest
- Graphical Representation
- Data Entry Form
- Identity Based Access
- Descriptive Information
- Report Generation
- Document Integration
- Geodatabase Version/Geospatial Data
- Email Notifications
Workflow Manager and Tasks – Sonoma Demo

Location of Interest → Map/Task → QC → More Edits? → Notify

Automatic Routing

Launch → Assignment

Decision Point → Email
Tasks and Workflow Manager

Micro and Macro workflows

- Tasks are tailored for short term repeatable processes

- Workflows are enterprise wide, GIS and non-GIS work

- Workflow can use Tasks to provide a dynamic work management experience
