# Offline Geocoding with ArcGIS Runtime

Christa Hash

Brad Niemand

# Outline

- **Create a simple locator**
- **Create runtime content using Desktop (ArcMap)**
  - **Enable runtime content**
  - **Clipping locator to map extent vs. sharing with full extent**
  - **Create runtime content dialog box**
  - **Review the runtime content**
- **Use the runtime content with the offline geocoding app**
- **Additional resources**

# Additional Resources...
