

Let's Build a JavaFX App

Vijay Gandhi

Eric Bader

JavaFX Resources

Read all about it...

- <http://docs.oracle.com/javase/8/javase-clienttechnologies.htm>

Getting involved

- <http://fxexperience.com/>
- <https://www.java.net/community/javafx>
- <http://www.guigarage.com/>

...

...

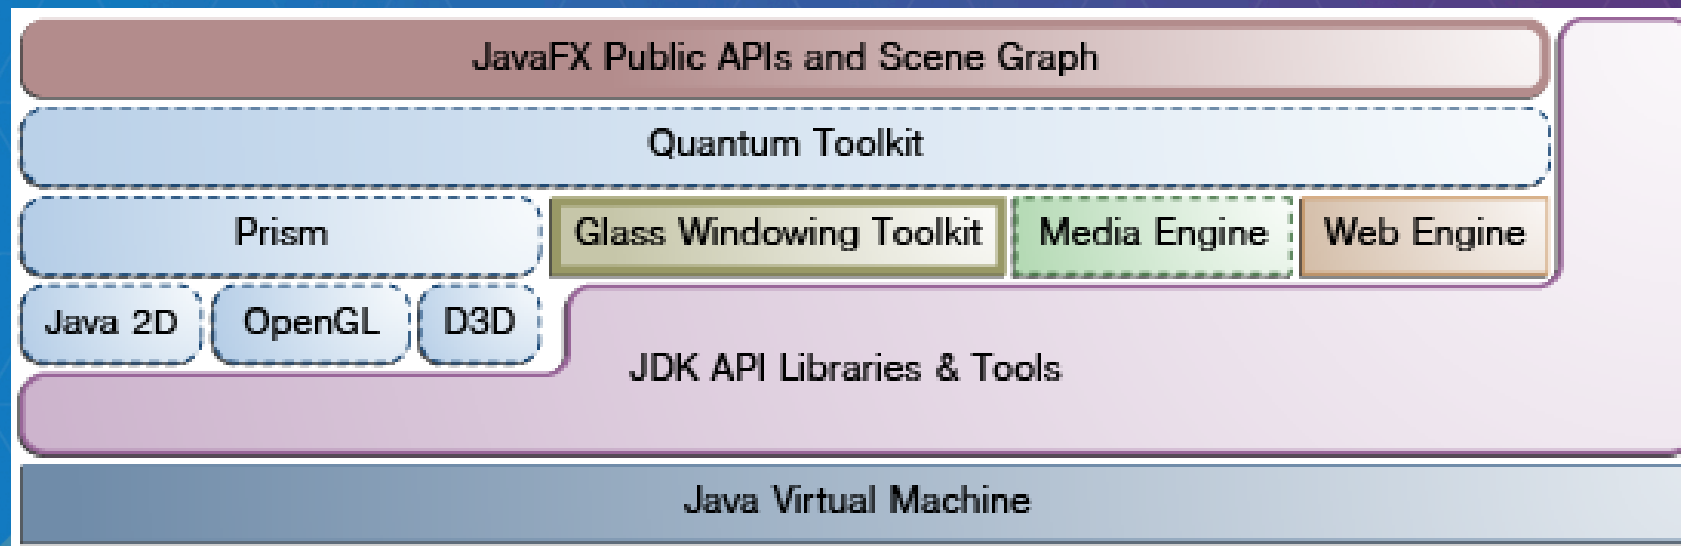

Why JavaFX?

...when we have SWING?

- Fully integrated into the Java SE Runtime and SDKs
- Clean separation between UI design and Java business objects
- Great UI animation features
- Support for ARM
- Support for multi-touch
- Support for hi-DPI displays
- A more modern graphics pipeline
- Has a rich WebEngine component
- Swing interoperability

It's the future

The JavaFX Architecture

Let's build something

Vijay
