Henderson IT Mission

- The mission of the department is to partner with both internal and external computing customers to provide top quality service, support and systems to enhance our internal customer's productivity and the overall customer service provided by the City departments to the citizens of Henderson.

Project Goal

- The purpose of this project is to develop an ArcIMS® application that will allow the public to search for registered sex offender residence and place of employment locations near an address, school, park, or daycare facility.

Welcome to Henderson

As Nevada's second largest city, the City of Henderson is recognized as a gateway community into Southern Nevada. Separated by mountains and desert from Boulder City and the [Lake Mead National Recreation Area](#), it forms the southern edge for one of the fastest growing metropolitan areas in the United States. Learn more about our City and become acquainted with [Mayor James B. Gibson](#) and the Henderson City Council by visiting [About Us](#).

Honoring our Heritage

The City of Henderson's heritage as a community "born in America's defense" is built upon each year with recognition of the brave men and women that have served and continue to serve our nation. The City recently paid tribute to Henderson veterans at the only veterans memorial wall in Southern Nevada and welcomed back local troops returning from overseas. To learn more, visit [Honoring Our Heritage, Honoring our Troops](#).

Sex Offender Registry

The purpose of this website is to provide information to the public concerning the location of convicted sex offenders within the City of Henderson. This site is not intended to replace the community notification process, but rather, it allows the Henderson Police Department to promote public awareness concerning the potential threat that sex offenders pose. An informed community is a safer community.

The Henderson Police Department has created this site in accordance with the requirements of [NRS 179B](#) and [NRS 179D](#). This site lists convicted sex offenders who have been released from prison and have been designated by the State Sex Offender Registry as Tier 3, Tier 2 or Tier 1. A Tier 3 sex offender is assessed as posing a substantial risk of recidivism and threat to public safety. The general public is to be notified of Tier 3 sex offenders. The Henderson Police Department provides names, hundred block address, photographs and other identifying information on Tier 3 sex offenders in the registry and will appear as red dots on the mapping aspect of this site.

Realizing that it is impossible to notify every citizen about a sex offender's presence in one's community, this site will empower you to obtain information on Tier 3 sex offenders and take the appropriate precautions. Furnishing the public with information regarding convicted sex offenders is a critical step towards encouraging the public to protect themselves from potential future acts. The general public has access to information about [Tier 3 sex offenders](#).

as posing a substantial risk of recidivism and threat to public safety. The general public is to be notified of Tier 3 sex offenders. The Henderson Police Department provides names, hundred block address, photographs and other identifying information on Tier 3 sex offenders in the registry and will appear as red dots on the mapping aspect of this site.

Realizing that it is impossible to notify every citizen about a sex offender's presence in one's community, this site will empower you to obtain information on Tier 3 sex offenders and take the appropriate precautions. Furnishing the public with information regarding convicted sex offenders is a critical step towards encouraging the public to protect themselves from potential future acts. The general public has access to information about [Tier 3 sex offenders](#).

Those sex offenders designated as Tier 2 will appear in the registry by name and hundred block addresses and will be designated in the mapping program as an orange dot. Those sex offenders designated as Tier 1 will appear only as a blue dot, but no specific address or name is listed per state law.

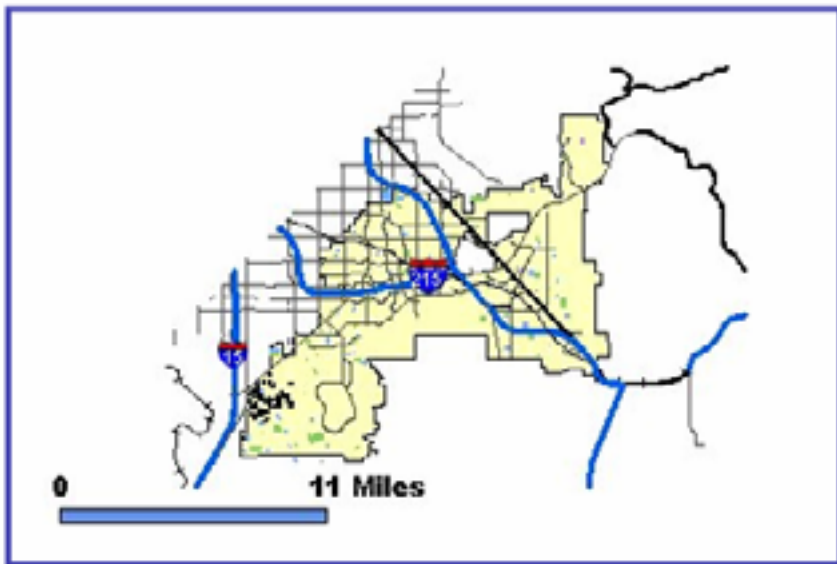

The Henderson Police Department is responsible for maintaining the site with updated information. If you believe any of the information is inaccurate, please contact the Henderson Police Department at (702) 267-4750.

The Henderson Police Department is only providing information about sex offenders that live, work, or are known to frequent areas within the City of Henderson. For information about sex offenders outside of the City of Henderson, the State of Nevada maintains its own sex offender registry at www.nvsexoffenders.gov. The federal government has also established a sex offender registry at www.nsopr.gov.

WARNING: The information provided on this site is intended to inform the community and should not be used to threaten, harass or intimidate an offender. Misuse of this information or criminal activity directed against an offender may result in criminal prosecution and/or civil action. A person is authorized to use this information only to protect him/herself or a child who may be at risk.

I have read the disclaimer and agree to these terms and conditions.

Offender Locations Ar

Sex Offender Registry

Sex Offender Tier System

The State of Nevada Criminal History Repository conducts the risk assessments and assigns the Tier rating to each offender. These assessments are based upon a lengthy formula, which considers the seriousness of the offense, the number of crimes, violence during the offense and other factors. The Henderson Police Department does not assign a Tier rating to an offender and cannot change the Tier rating of an offender.

Tier 1

A convicted sex offender who is assessed as posing a **possible** risk of recidivism and threat to public safety is rated at Tier 1. Notification shall be provided only to persons authorized to receive criminal history record information. Typically, this includes law enforcement, prosecutors and courts. **Assessment information is not intended for the general public therefore the identities of these offenders will not be posted to this website.** We are providing the general location of the Tier 1 offenders who live within the City of Henderson.

Tier 2

A convicted sex offender who is assessed as posing a **probable** risk of recidivism and threat to public safety is rated at Tier 2. Notifications are made to law enforcement and organizations in the community, including schools, religious and youth organizations, as well as prosecutors and courts. Nevada state law (NRS 179B.250) permits certain information about some Tier 2 offenders to be shared with the general public. We are including the name and general location of all Tier 2 offenders who reside or work within the City of Henderson.

Tier 3

A convicted sex offender who is assessed as posing a **substantial** risk of recidivism and threat to public safety is rated at Tier 3. Notification is required to law enforcement, organizations in the community, including schools, religious and youth organizations, prosecutors and courts and the general community. We are including the names, pictures, general addresses and identifying information about all Tier 3 sex offenders who reside or work within the City of Henderson.

- Text:**

Henderson, Nev. - In a continuing effort to help protect all of our families, the City of Henderson Chief of Police Alan Kerstein urges all residents to visit the City's new Sex Offender Registry.

The easy-to-use website offers searches of addresses, schools, parks and other areas within the City of Henderson to see the general location of the convicted sex offenders' residences within our community.

The City of Henderson Police Department's Sex Offender Unit teamed with the City of Henderson Information Technology Department about a year ago to undertake this project.

The Henderson Police Department has created

The city of Henderson launched its first sexual offender website registry Tuesday.

The website offers searches of addresses, schools, parks and other areas within the City of Henderson to see the general location of the convicted sex offenders' residences within the community.

"The more information people have about sex offenders, the less likely they are to become victims. An informed community is a safer community," Chief Kerstein said. "This website gives people the information to take precautions to

User metrics

- 30,000 unique IPs in the first week
- 200 concurrent user-peak

Future Enhancements

- Interagency cooperation
- Transition from shapefiles to SDE
- Transition from sex offender information to crime tracking
