# Intelligence Reporting with Story Maps

## Story Maps Are...

Simple **web apps** that fuse **intelligent web maps** with **multimedia content** to tell geography-based stories.

Story maps inform, educate, entertain, and inspire people about a wide variety of topics.

# Report the Entire Intelligence Story: Media and Maps

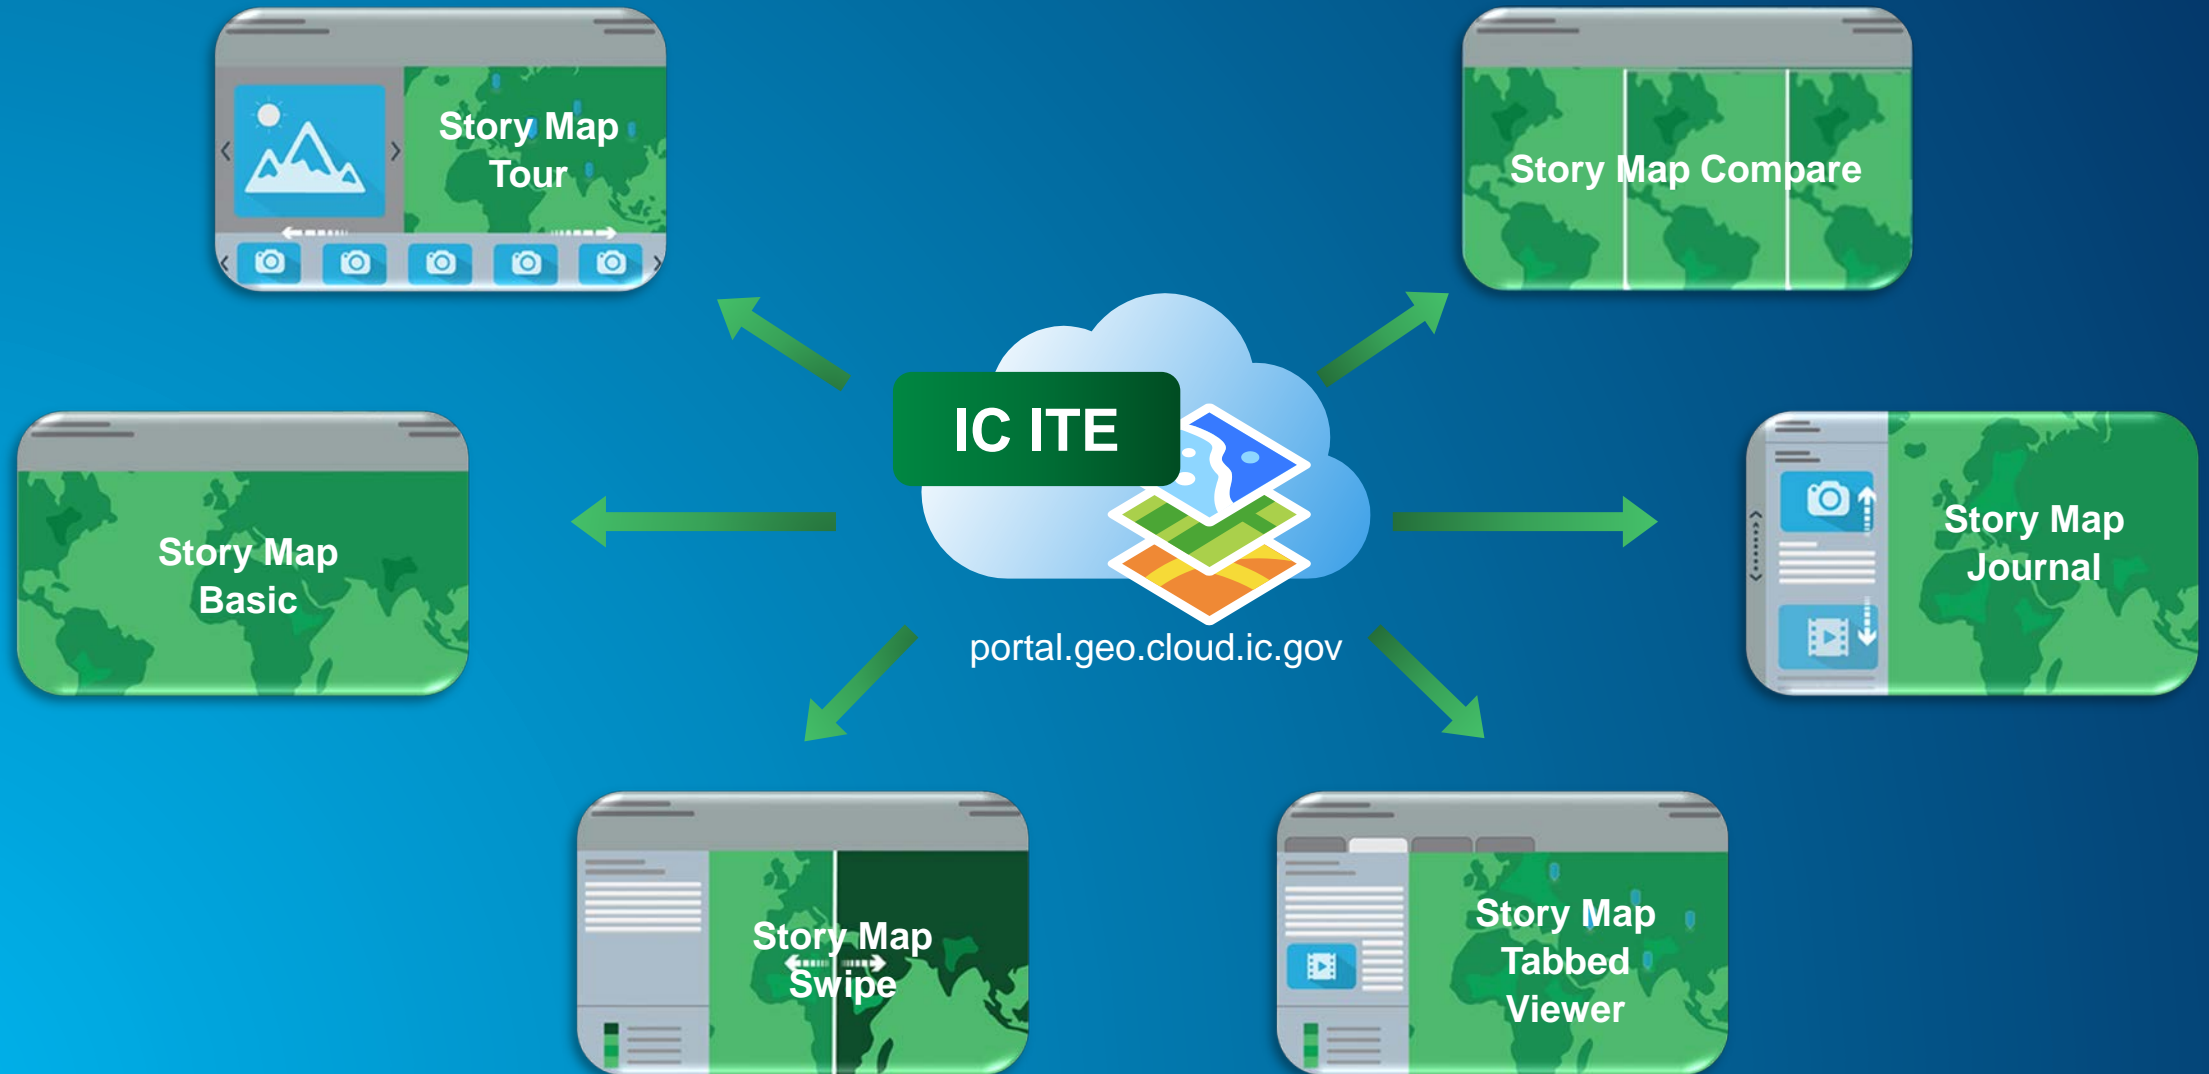

The image displays three story maps from Esri, each illustrating different media and map features:

- Disappearing Glaciers:** A story map showing a video of a glacier melting. A callout box labeled "Video" points to the video player.
- Ten Most Visited National Parks in 2012:** A story map with a list of parks and a map of the United States. A callout box labeled "Index Photo" points to the list of parks. A callout box labeled "Pop-up" points to a pop-up window for Rocky Mountain National Park. The list of parks includes:

1	Yellowstone
5	Rocky Mountain
6	Zion
7	Olympic
- White House on the Move: President Obama's Travels in 2013:** A story map showing a video of President Obama at a podium. A callout box labeled "Featured Photo" points to the video. Below the video is a horizontal scroll of thumbnails for various travel dates and locations, with a callout box labeled "Thumbnail" pointing to one of them. The thumbnails include:

5	March 21: Jerusalem
6	March 22: Amman, Jordan
7	March 23: Petra, Jordan
8	March 29: Miami, Florida
9	April 3: Denver, Colorado
10	April 18: Boston, Massachusetts
