City, Ward & Neighborhood Profiles

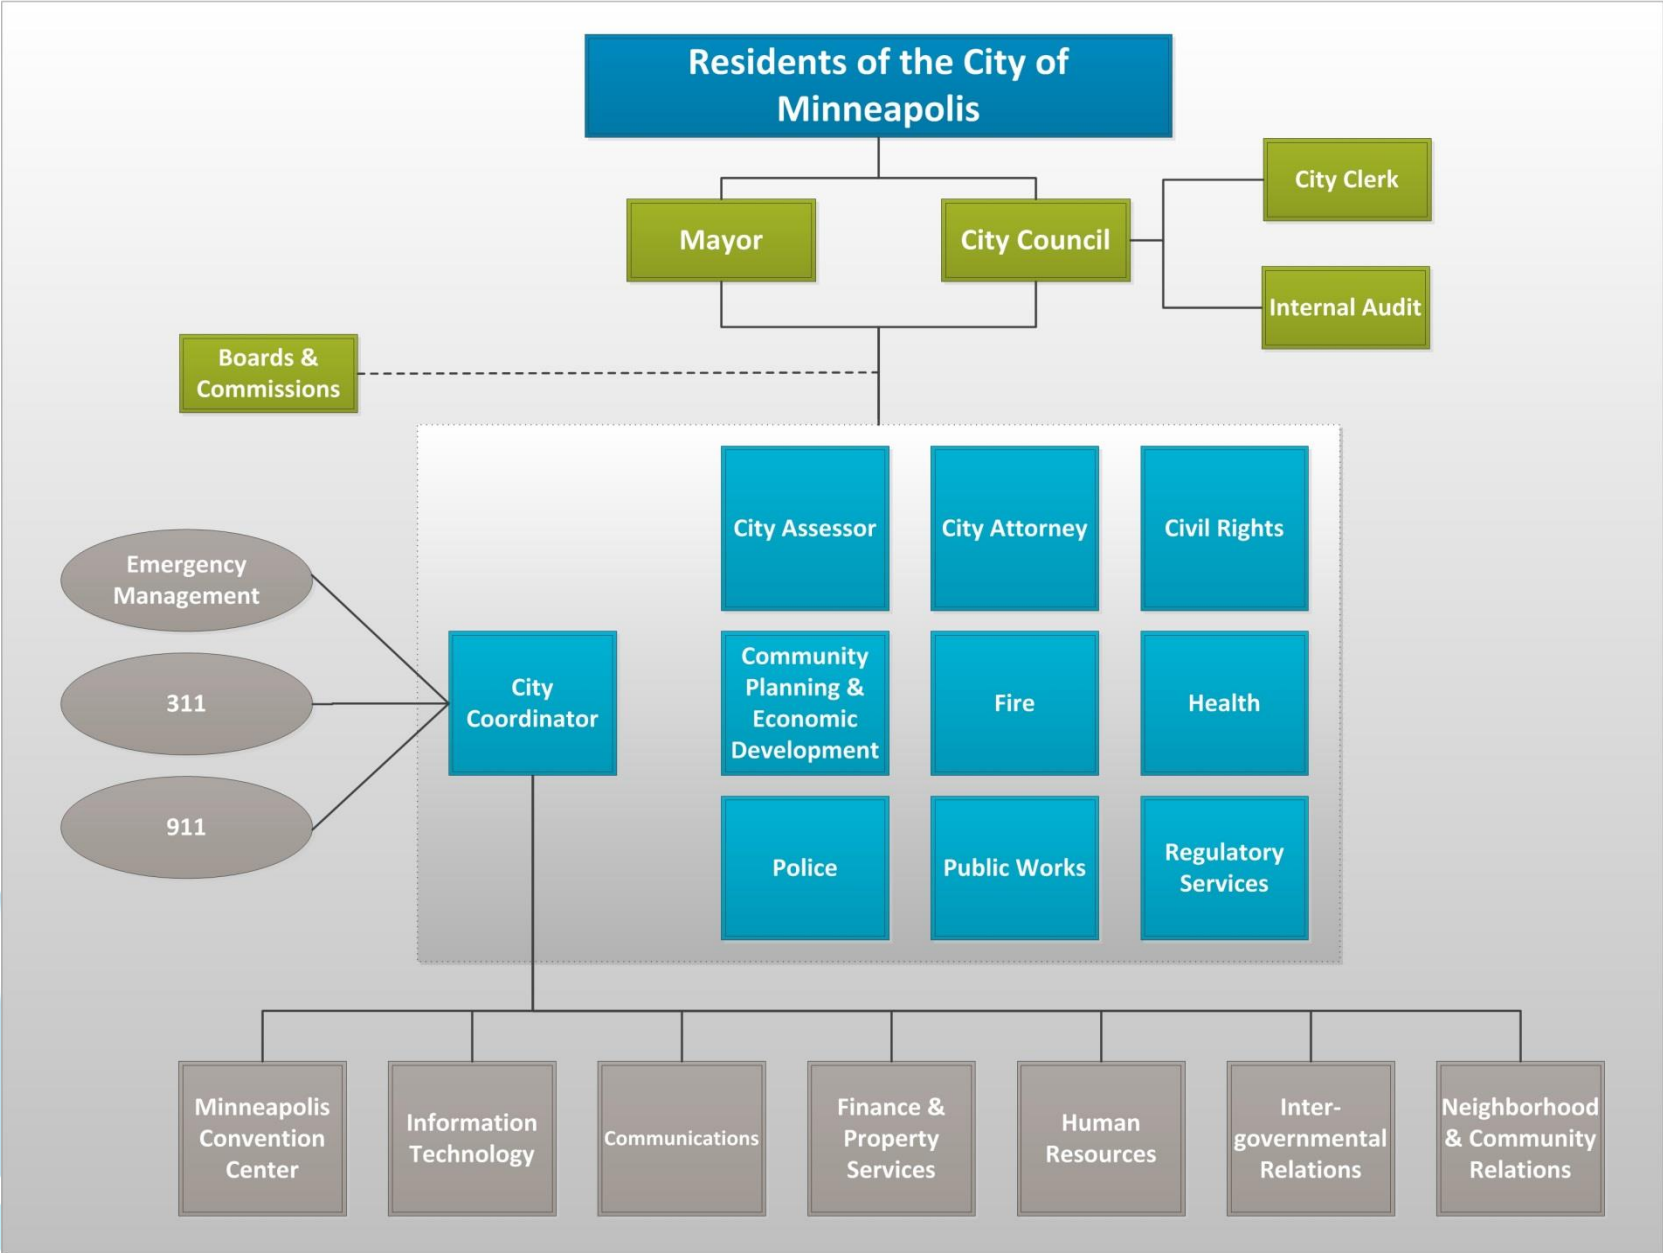

Quinn Carr & Glen Haslerud

Outline

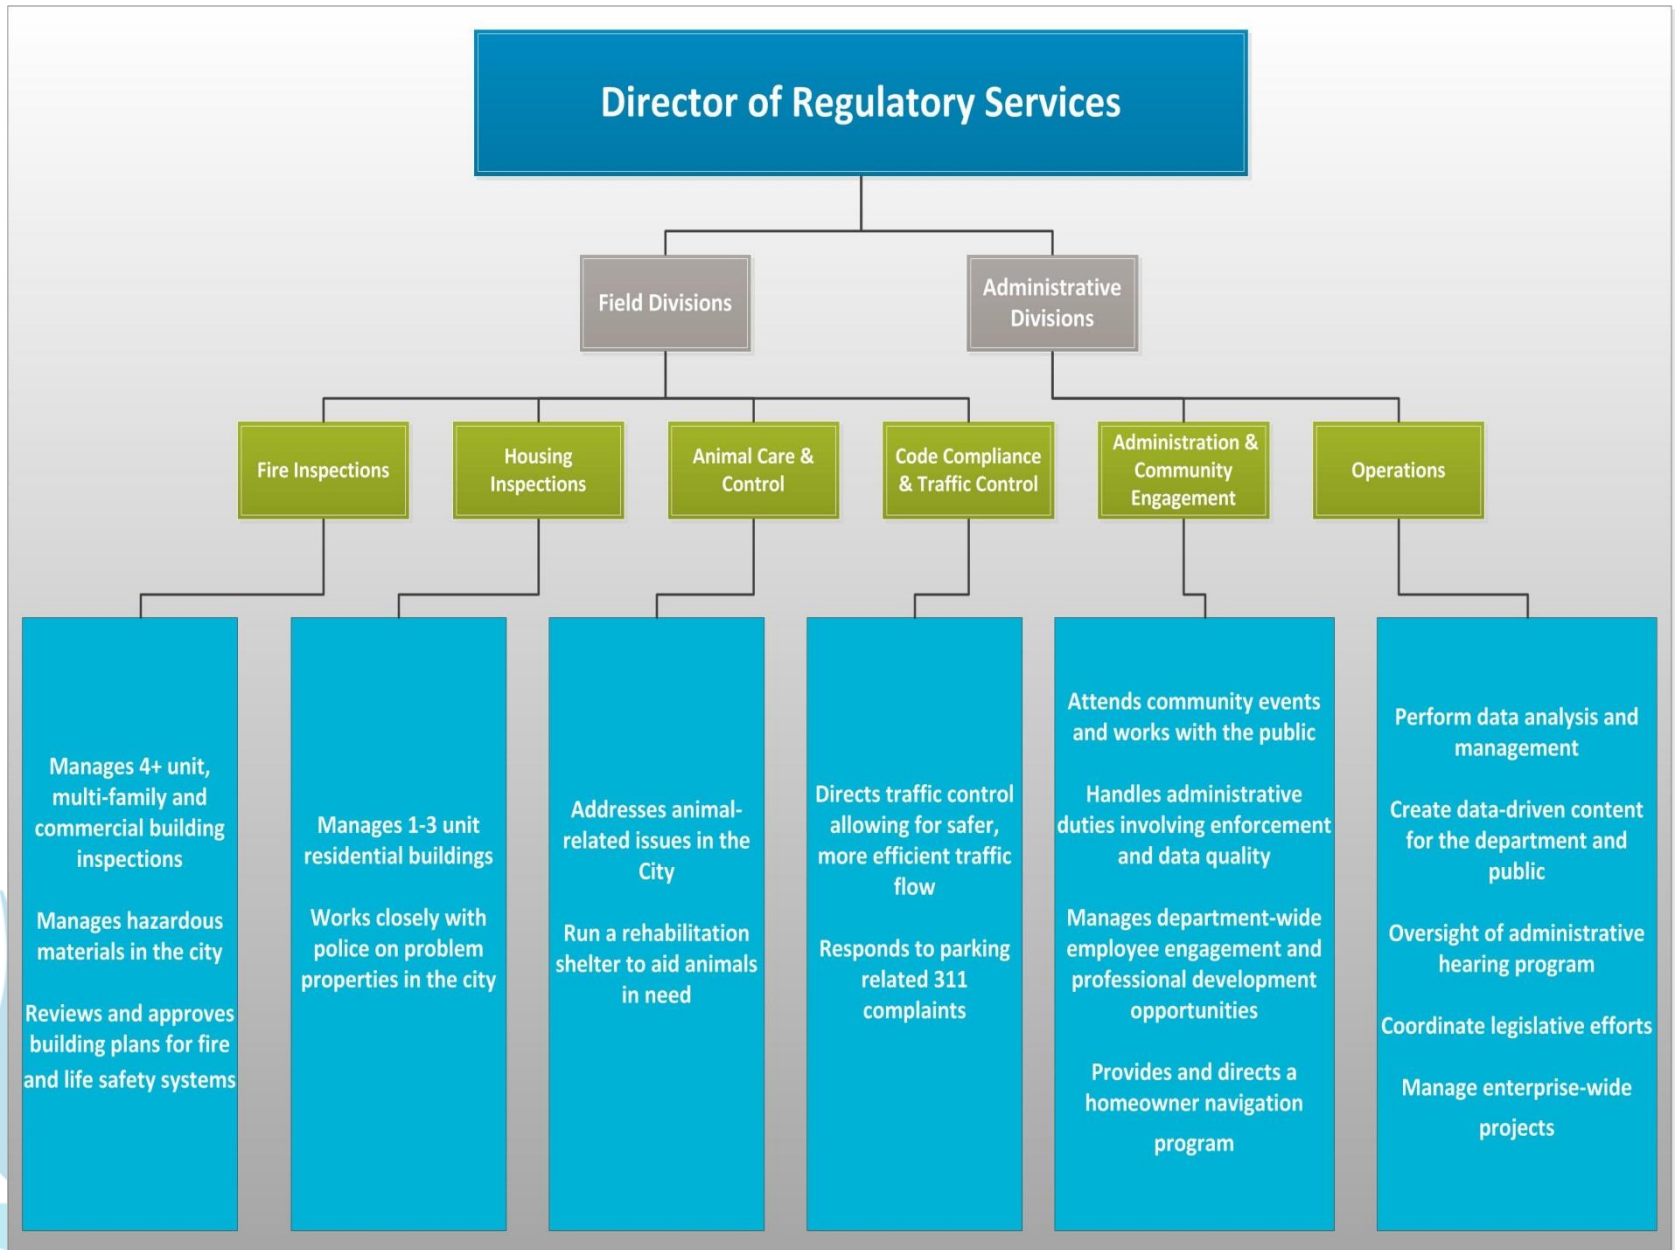

- Background
- Profile Breakdown
 - Datasets
- Purpose
- Profile Growth & Evolution
- Community Feedback

Background: City of Minneapolis Organizational Chart

Background: Regulatory Services Organizational Chart

Background

- In 2014, Regulatory Services aimed to create comprehensive summaries of specific geographic areas of the city with data related to services provided by the department.
- The result was 13 Ward and 87 neighborhood profiles, containing snapshots of what conditions were prevalent in each area based on the data.
- We incorporated demographics and other city-related data from other departments.
- In 2016, these profiles were updated to reflect the current data from 2015.
- Data was compiled from...

Profile Breakdown

- 311 Service Requests
- Animal Care & Control data
- City Assessor's Land Use data
- Demographic data
- Housing violations data
- Police calls
- Properties with animal, housing and police issues
- Rental License information
- Traffic Control citations
- And mapping the content mentioned above

Purpose

- Renew focus on community engagement and partnership opportunities
 - Define metrics and indicators based on actual expressed need of stakeholders
 - Increase sharing of data externally
- Increase community and enterprise collaborations
- Use of data analysis to assist needs and deploy resources effectively
 - Includes disaggregated data analytics
 - Identifying trends in market that impact neighborhood stability

Profile Growth and Evolution

(September 2014 through May 2016)

- Began with...
 - Need for data visualization at community events and meetings
 - Providing department statistics for Council Members pertaining to their Wards
 - Having consistent metrics to measure internal operations
- Final Outcome
 - Comprehensive, visual, and aesthetically pleasing data available online to the public and the City of Minneapolis enterprise

Community Feedback

- These profiles were distributed to various entities
 - Council Members
 - Neighborhood Organizations
 - Public events
 - Open streets, University Alliance and general outreach meetings, etc.
- Overall, feedback was positive with minor suggestions for improvements

At a Glance

CITY OF MINNEAPOLIS

Department of Regulatory Services

2016 Report

Dedicated to strengthening communities by partnering with residents, neighborhoods and businesses to make the city safer, healthier and more inviting for all, Regulatory Services is responsible for Animal Care & Control, Fire Inspections Services, Housing Inspections Services (including the Problem Properties Unit), and Traffic Control.

Data collection, cleaning, and reporting are at the core of Regulatory Services' work, providing us with a strong foundation on which to build its culture of data-driven decision making, transparency, and resident engagement. The Department strengthens the city by:

- Partnering with residents, organizations, and stakeholders;
- Analyzing data to effectively align our activities with the city's strategic priorities, identify trends, and deploy resources; and
- Communicating results in meaningful and understandable ways.

In its second edition, the Ward & Neighborhood Profiles Report demonstrates the Department's commitment to the effective use of analytics in a variety of ways.

- Data is provided at the citywide, ward, and neighborhood level to help readers target their area of interest.
- Summary statistics of data are provided to help readers understand both a standardized performance context and trends.
- Maps reflecting the data are created to help readers visually understand both frequency and geographic impact.

Critically important to our efforts is the commitment of the City of Minneapolis to use performance management as a tool to continuously improve the core services that it provides. The Ward & Neighborhood Profiles Report was made possible through the contributions of many individuals, with Quinn Carr leading the development, design and publications of the report, and Glen Haslerud and Fatuma Qorane assisting in the creation of the maps and narrative.

To learn more about Regulatory Services and view our other reports, please visit <http://www.minneapolismn.gov/regulatoryservices/>

Please do not hesitate to contact us with questions, comments or suggestions for future editions of the report.

Noah Schuchman
Director
Regulatory Services

Glossary

Change of Ownership (CHOWN) & Conversion

- Change of Ownership refers to a rental licensed property that has changed ownership.
- Conversions refer to properties that have been converted to a rental licensed property.

Condemned

- Refers to a building that has been deemed unsafe to live in.
- May be condemned when:
 - It is vacant and boarded for more than 60 days
 - It is determined to be unsafe
 - An inspector cites specific hazards
 - It is dilapidated and no specific hazards are cited, but the inspector has assigned the property a score by ordinance qualifying it for condemnation
 - Utilities to it have been discontinued or
 - There is a housing hygiene problem as determined by the Housing Inspections Division.

Conduct on Premise (COP)

- Refers to the 1991 amendment to the Rental Licensing Ordinance that allows the city to address qualifying incidents of disorderly conduct of tenants and their guests that adversely impacted neighbors.

Dangerous Dogs

- Domestic animals that have bitten or demonstrated aggression must be investigated to determine if that animal is a threat to the public's safety and should be declared "dangerous".
- Declarations are determined based on the severity of the incident, including serious bites and unprovoked aggressive behavior.

Illegal Occupancy

- Refers to a situation where properties are not being used for their permitted purposes. This can include illegal or unpermitted over-occupancy, units, basement or attic occupancy, accessory buildings, room size, ceiling height, window size, and basement or attic bedroom remodeling.

Police Calls

- Refers to all police activity that has occurred at properties in a given ward or neighborhood over the last two years. Several police calls can be associated with one particular incident.
- Police Calls at an intersection, street or area not identified at a specific property are not included.
- Domestic and medical related calls are not included.

Problem Properties Unit (PPU)

- Refers to the case management team within the Housing Inspection Services

division charged with identifying the City's worst properties and developing an action plan to resolve their issues.

- PPU tracks and manages boarded, vacant, and condemned housing.

Property

- A property is defined as the unique building with an address. Past reports defined a property as a parcel address but this report is focusing on the unique buildings. There can be several parcel addresses on one building.

Rental Licenses

- Refers to all rental dwellings and dwelling units, including rented single-family dwellings and rented dwelling units in owner-occupied dwellings, as well as to rented condominiums, rented townhouses and leasehold cooperative dwelling units.
- Certain dwellings are exempt including hotels, convents, monasteries, licensed nursing homes, licensed board and care homes, parsonages, parish houses, manses and rectories, hospitals, public housing; and owner-occupied dwelling units in a cooperative, condominium or townhouse building.

Tier Rental Licensing

- Refers to the rental license billing system in which every rental licensed property is evaluated annually based on property conditions .
- A designated tier is assigned to the rental license. The rental license bill reflects the tier, with 3 being the highest billed and 1 being the lowest billed.

Vacant Building Registry

- Refers to the City's Vacant Building Registry, which is a list of all properties that meet the legal criteria for inclusion into the VBR program including:
 - Condemned requiring a code compliance inspection.
 - Unoccupied and unsecured for five days or more.
 - Unoccupied and secured by means other than those normally used in the design of the building for 30 days or more.
 - Unoccupied with multiple housing maintenance, fire or building code violations existing for 30 days or more.
 - Unoccupied more than 365 days with an order having been issued to correct a nuisance condition.
 - A vacant commercial or residential building or structure which is unable to receive a certificate of occupancy due to work stoppage or expired permits.

Endnotes

- 1. Change of ownership and conversion rental license data in the report only includes instances that were reported and enforced by our department. There are likely change of ownerships and conversions not being reported and there are exceptions that cannot be enforced by the City of Minneapolis. Please visit the Minneapolis Code of Ordinances, Chapter 244.1870 for more details.*
- 2. Police Call data only includes calls attributed to a parcel. Police calls occurring on intersections, streets, or locations not identified at a parcel are not included.*
- 3. Snow Emergency citations are from late December, 2015.*
- 4. The American Community Survey used 161,401 different household units to calculate the proportion of cost-burdened households in the City of Minneapolis.*

Sources

Demographic data was compiled by [Minnesota Compass](#) and comes from the 2010 Census as well as the 2009-2013 American Community Survey.

All current City of Minneapolis data is as of January 1, 2016.
