# Implementing Enterprise GIS in the DoD (NAVY) Environment - Lessons Learned

- **Presentation Objectives**
  - **Mission**
    - NAVFAC GeoReadiness Program
      - CNIC/CWG/CCB
      - COTS
  - **GeoReadiness Capabilities**
  - **Implementation Lessons Learned**
  - **Demonstration?**
  - **Summary**

# Implementing Enterprise GIS in the DoD (NAVY) Environment - Lessons Learned

- **NAVFAC GeoReadiness Program**
  - Initiative by the Department of the Navy to ...
  - **Program Objective:**
    - Abs

# Implementing Enterprise GIS in the DoD (NAVY) Environment - Lessons Learned

- **Challenges**
  - E
  
  - **Spatial Data Accuracy**
  
  - **Data Outreach/Communication**
    - Remedial Project Managers
    - Other NAVFAC Business Lines
    - Contractors

# Implementing Enterprise GIS in the DoD (NAVY) Environment - Lessons Learned

- **Summary**
  - **GIS allows integration of disparate data sources**
    - Spatial visualization and analysis of data
  - **Coordination with BL Communities**
    - Focus on their mission
  - **Connection of authoritative data sources**
    - Each data set becomes stronger
    - Resource savings

# Implementing Enterprise GIS in the DoD (NAVY) Environment - Lessons Learned
