Build a Mobile Government Strategy

Will Meyers

Keith Mann

Old Fashioned Field Data Collection Methods Are..

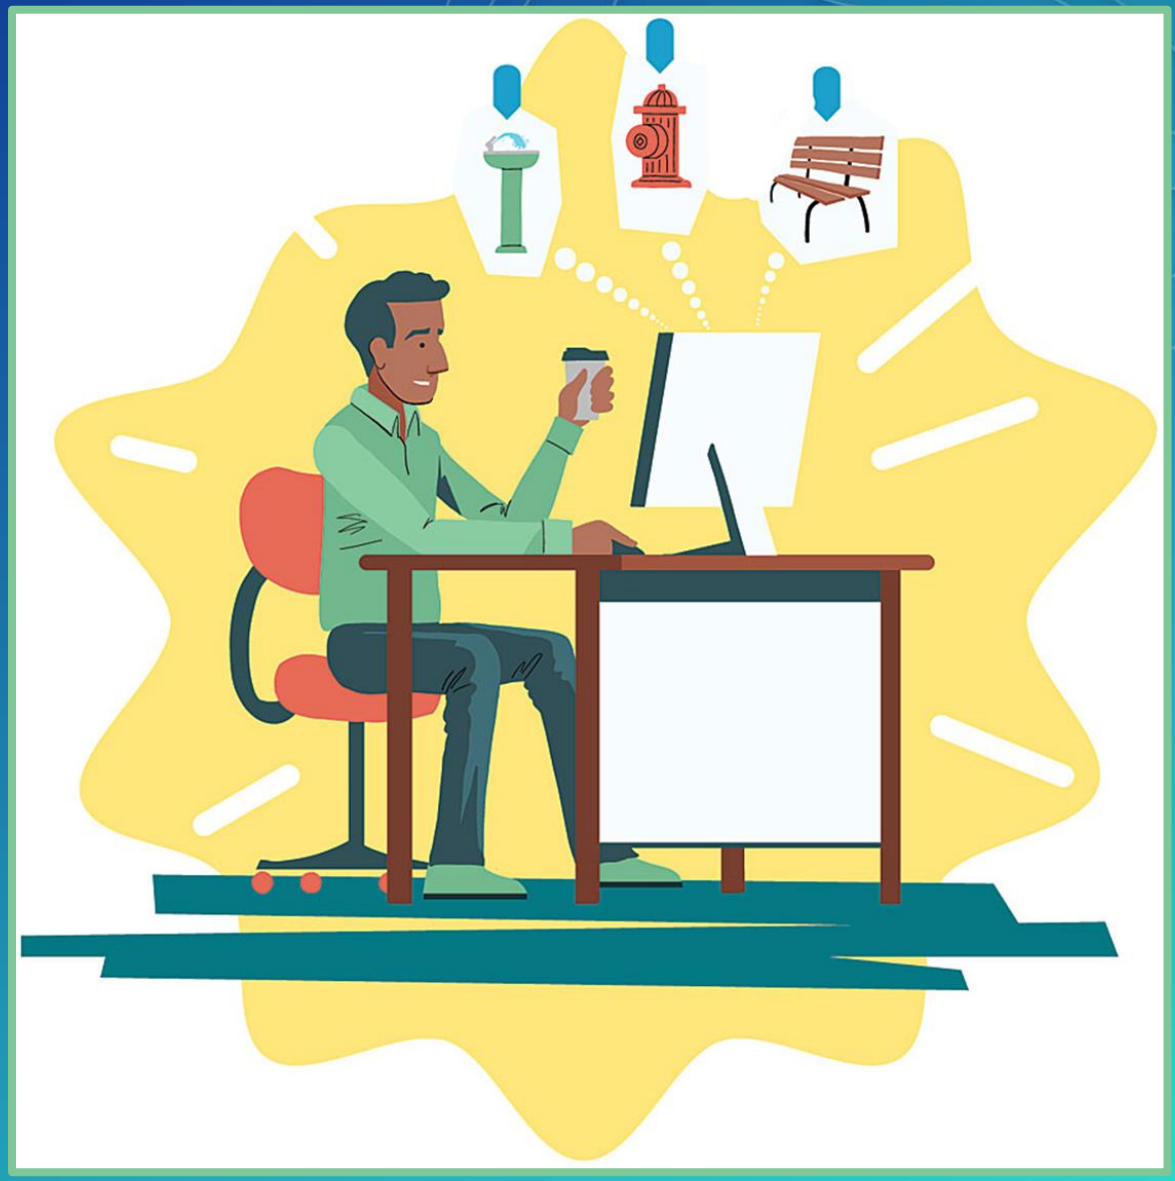
- Prone to error
- Don’t use location as the key element
- Not integrated with back-office systems
- Have too many unconnected parts

Paper-based Processing Methods..

- Add even more error
- Never up-to-date
- Data not immediately useful
- Requires extra time to clean up the data
- Difficult to manage

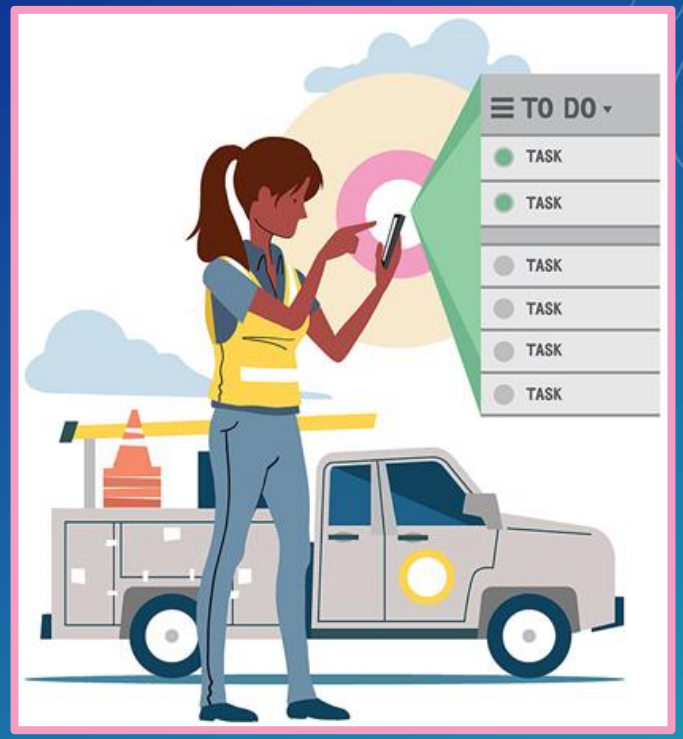
With a Mobile Strategy you can

- Improve field data collection
- Increase data quality
- Replace paper-based methods (faster & less prone to error)
- Data goes directly into the GIS
- Real-time view of field operations
- Ready to use data



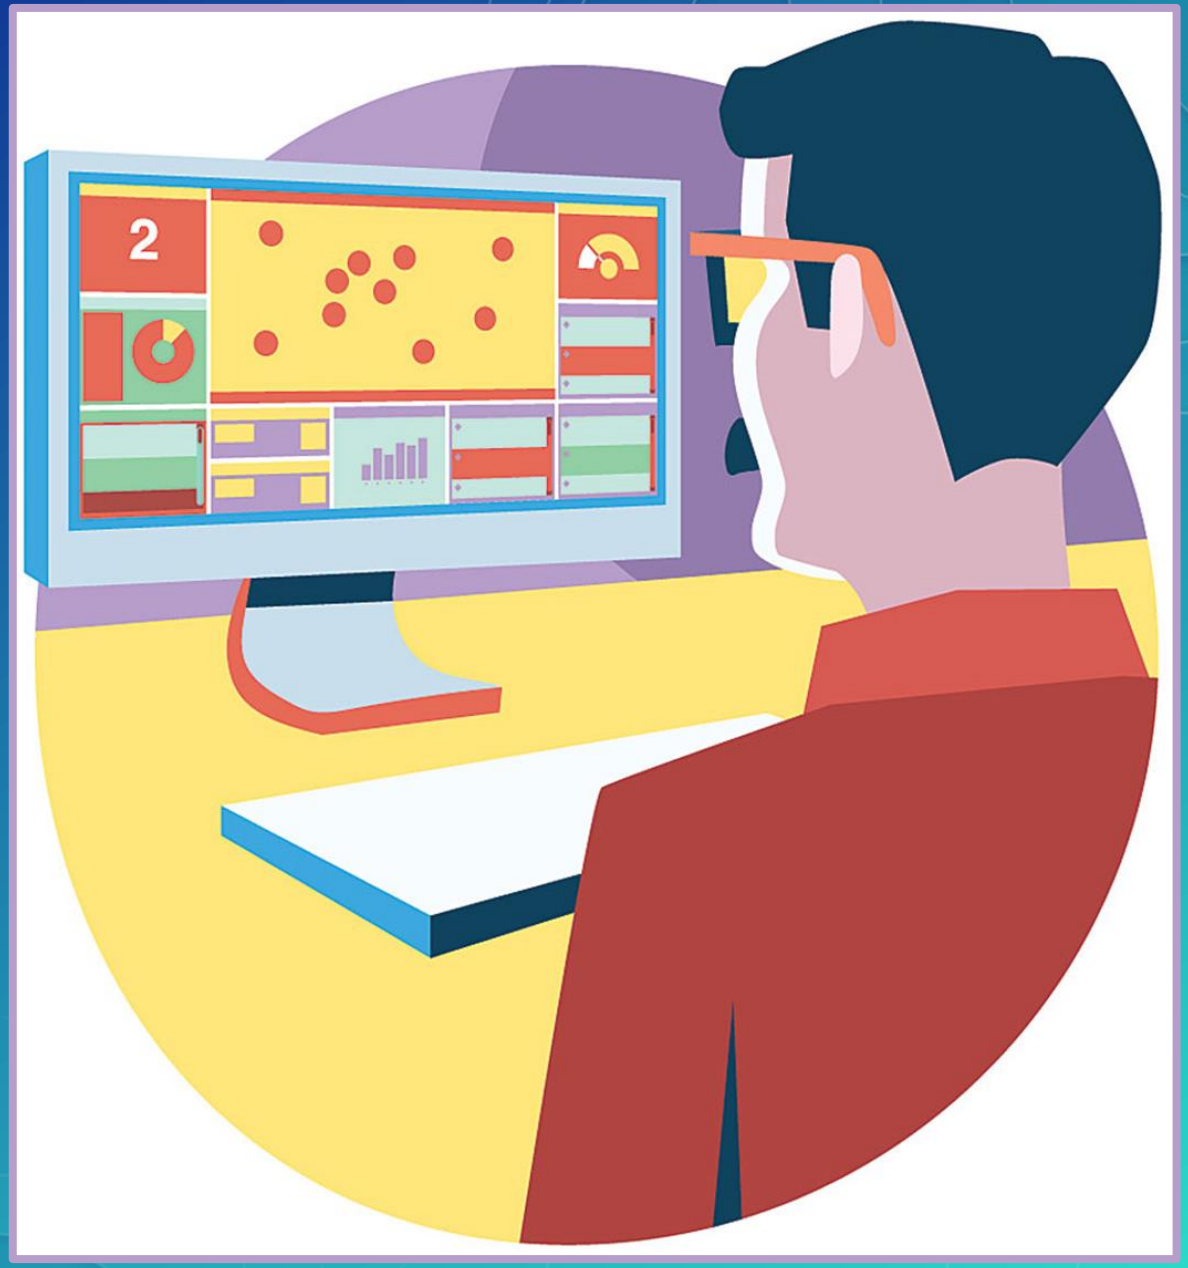
With a Mobile Strategy, the Field Crew can..

- Work efficiently
- Get to the right place
- Capture the right information
- Do it all with one device



With a Mobile Strategy, Office Staff can..

- Visualize what's being done in the field
- Track and report work
- Modify priorities & reassign tasks



Demonstration

Putting your mobile strategy to work

Summary

Your Mobile Strategy

Connected maps & analytics

Flexible productivity

Time-saving reliability

Precise, paperless data collection

- **Form-based**
- **Map-based**

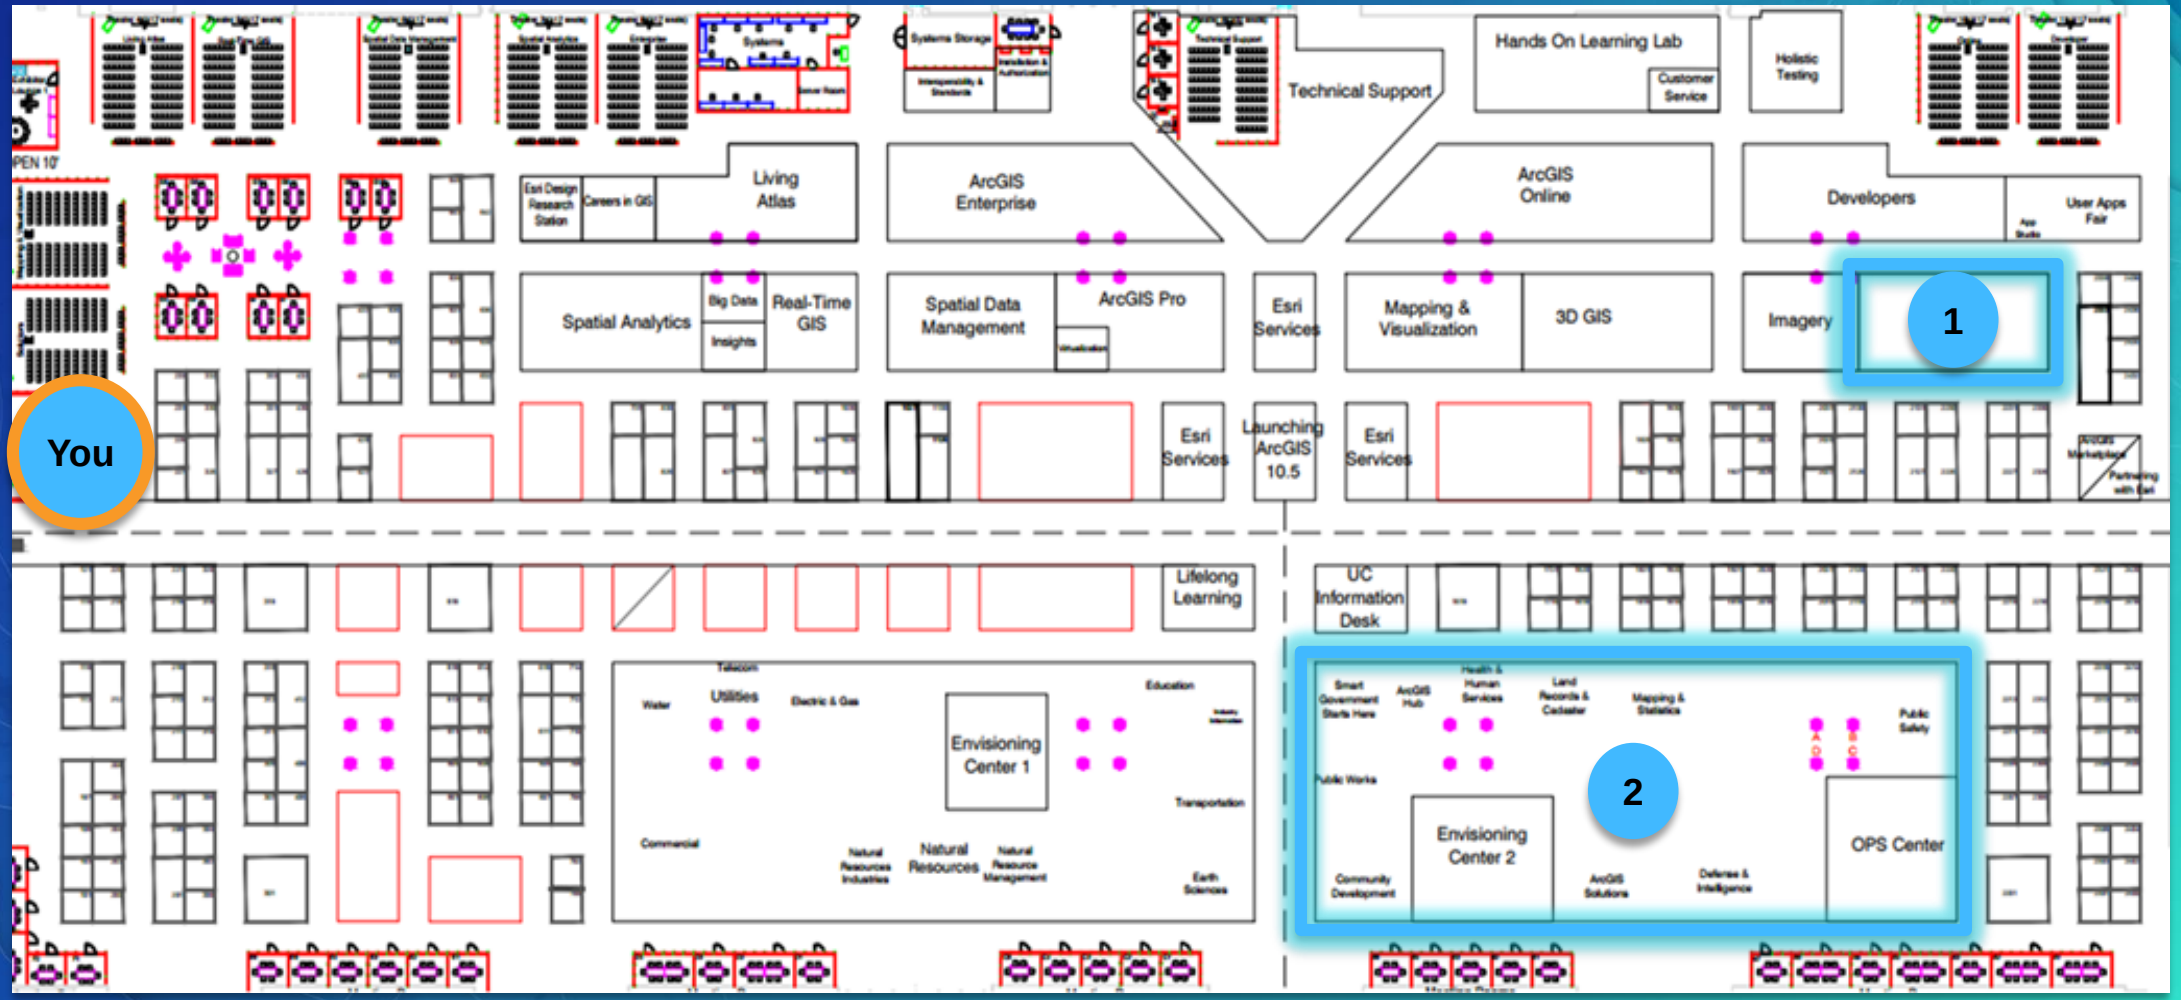
Real-time tracking & reporting

Apps that work together

Resources

For Your Mobile Strategy

1. ArcGIS Apps
2. Government Area



Mobile Strategy - Session Highlights

Tuesday

Time	Session	Room
9:30	Survey123 for ArcGIS: Tips and Tricks	Demo Theater 12
10:15	Collector for ArcGIS: An Introduction	Ballroom 06 B
	Survey123 for ArcGIS: An Introduction	Ballroom 06 F
10:30	Discover, Validate, and Resolve Issues Using ArcGIS Field Apps	Demo Theater 12
12:30	Operations Dashboard for ArcGIS: Monitoring Live Field Edits	Demo Theater 12
1:30	Operations Dashboard for ArcGIS: An Introduction	Room 14 A
	Optimizing Field Operations with ArcGIS Apps	Ballroom 06 F
3:15	Workforce for ArcGIS: An Introduction	Ballroom 06 D
3:30	Mobile Data Collection with Survey123	Esri Showcase Sustainable World Theater
4:30	ArcGIS Field Apps Working Together	Demo Theater 12

Wednesday

Time	Session	Room
10:15	Navigator for ArcGIS: An Introduction	Room 14 A
Noon	Mobile Special Interest Group	Room 31 A
1:30	Survey123 for ArcGIS: An Introduction	Room 14 B
3:15	Workforce for ArcGIS: An Introduction	Hilton Sapphire A

Thursday

Time	Session	Room
10:15	Navigator for ArcGIS: An Introduction	Room 31 B
11:00	Field Data Collection Apps - Top 5 Tips and Tricks	Esri Showcase Esri Services
1:30	Collector for ArcGIS: An Introduction	Ballroom 06 B
3:15	Mobile Government Moderated Paper Session	Room 23 C
	Workforce for ArcGIS: An Introduction	Ballroom 20 D
