

Field Data Collection Apps – Top 5 Tips and Tricks

Garrett McKinney

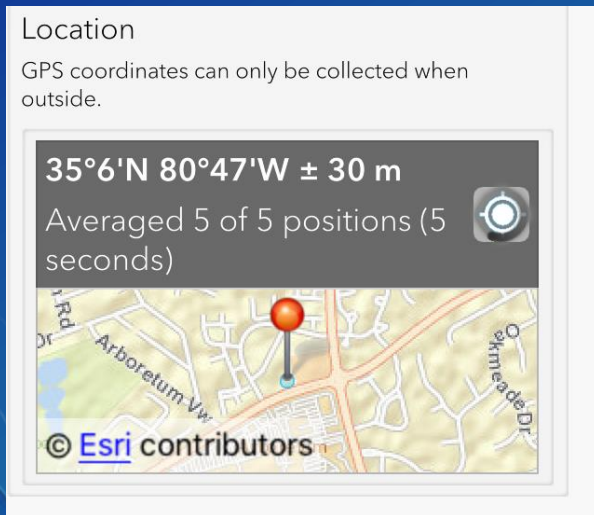

Increase location accuracy

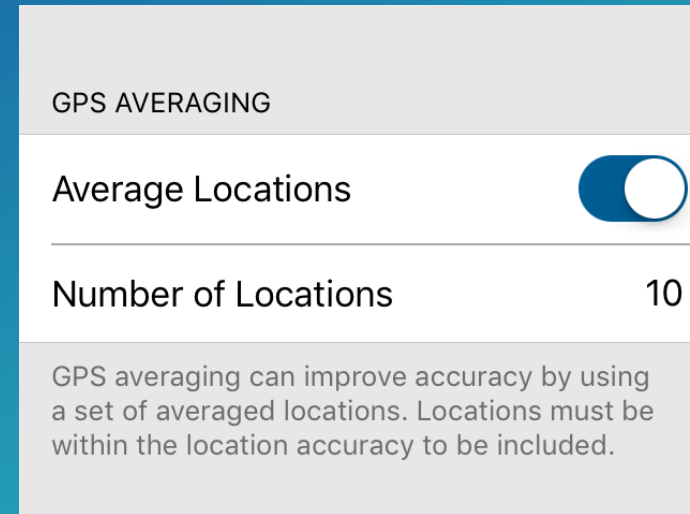

Increase location accuracy – GPS Averaging

Survey123 for ArcGIS

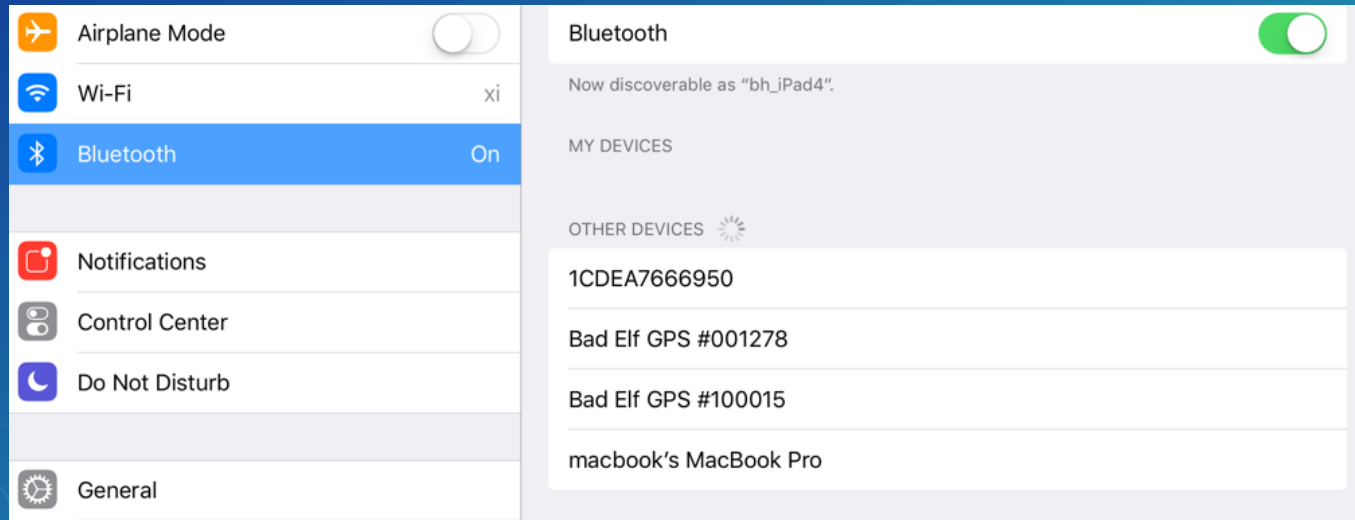

Collector for ArcGIS

Increase location accuracy – Connect to external GPS via bluetooth

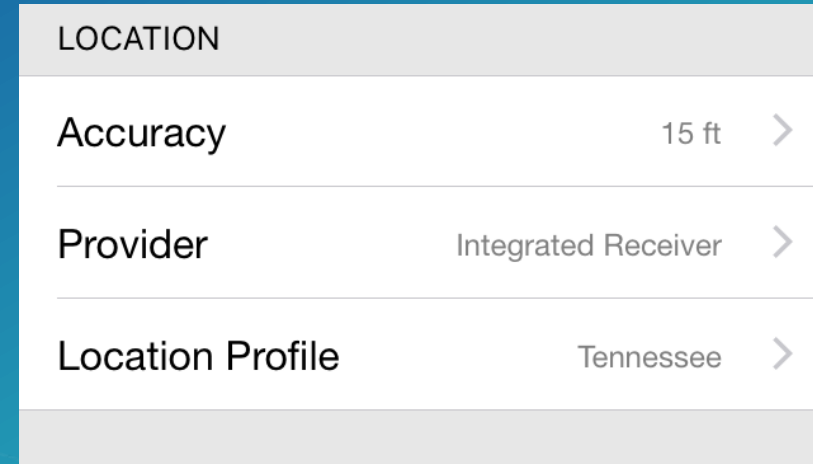

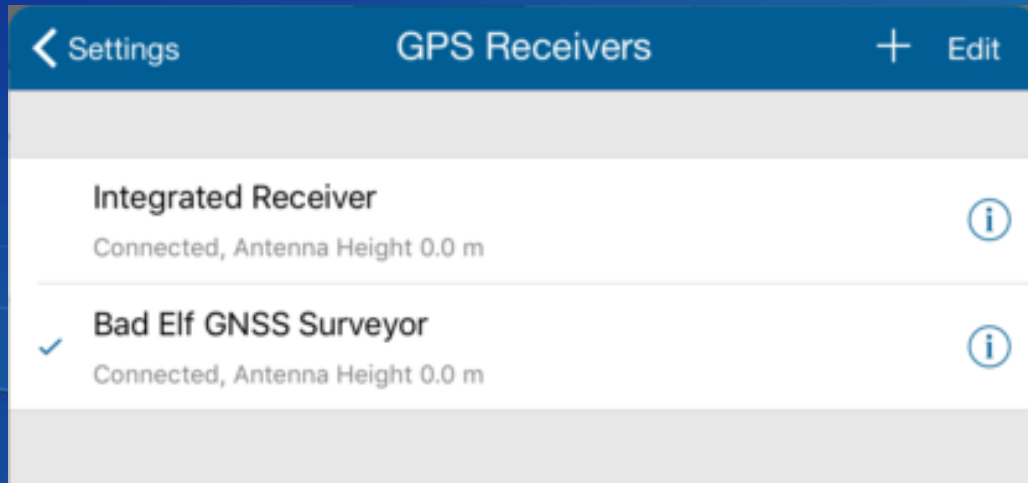

Survey123 for ArcGIS and
Collector for ArcGIS

Increase location accuracy – Select a location provider and create a location profile

Collector for ArcGIS

Integrate apps

Custom URL Scheme Workflow

- **Use Collector for ArcGIS with Survey123 for ArcGIS**
- **Define web map for use in Collector**
- **Enable pop-ups for web map features**
 - In pop-up, add a hyperlink that includes custom URL scheme
- **Within Collector, click feature pop-up > click hyperlink**
 - This will open Survey123
 - Optional: can pre-populate answers to survey questions

Integrate Workforce for ArcGIS

- **Use Workforce for ArcGIS to assign tasks**
 - Integrate Navigator to provide directions to assignment location
 - Use Collector/Survey123 to capture data in the field

App Integration ✓

Collapse ^

App integrations maximize the efficiency of your mobile workers by providing directions and the maps and forms needed to complete their work. [More info](#)

Use Python to extract attachments

<http://support.esri.com/en/technical-article/000011912>

```
import arcpy
from arcpy import da
import os

inTable = arcpy.GetParameterAsText(0)
fileLocation = arcpy.GetParameterAsText(1)

with da.SearchCursor(inTable, ['DATA', 'ATT_NAME', 'ATTACHMENTID']) as
cursor:
    for item in cursor:
        attachment = item[0]
        filenum = "ATT" + str(item[2]) + "_"
        filename = filenum + str(item[1])
        open(fileLocation + os.sep + filename,
'wb').write(attachment.tobytes())
        del item
        del filenum
        del filename
        del attachment
```

Track where Collectors go

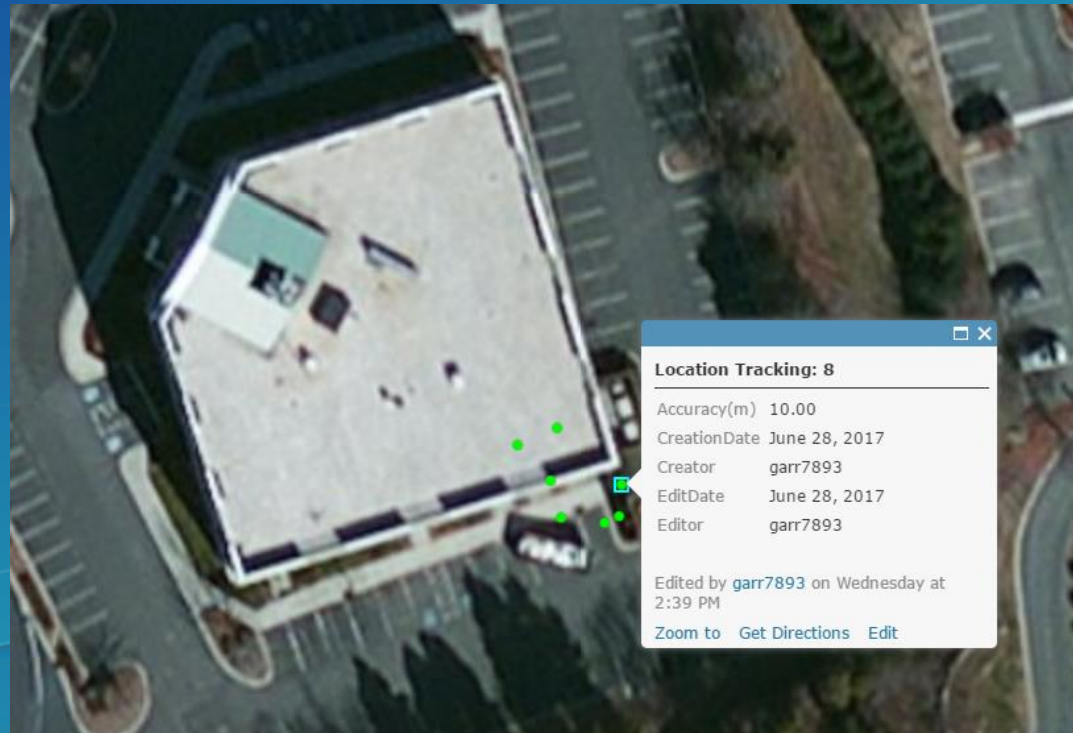

Use location tracking

<http://doc.arcgis.com/en/collector/ios/create-maps/track-where-collectors-went.htm>

☒ Location tracking

Track Location every

30 seconds

Asset management?

Use barcodes and QR codes

Barcode Questions in Survey123 for ArcGIS
