Get More from the Cloud with Esri Managed Cloud Services

Alec Walker

Inspire

Promises of the cloud

Cost savings

Flexibility and scalability

Increased security

Shorten time to value

Shared accountability

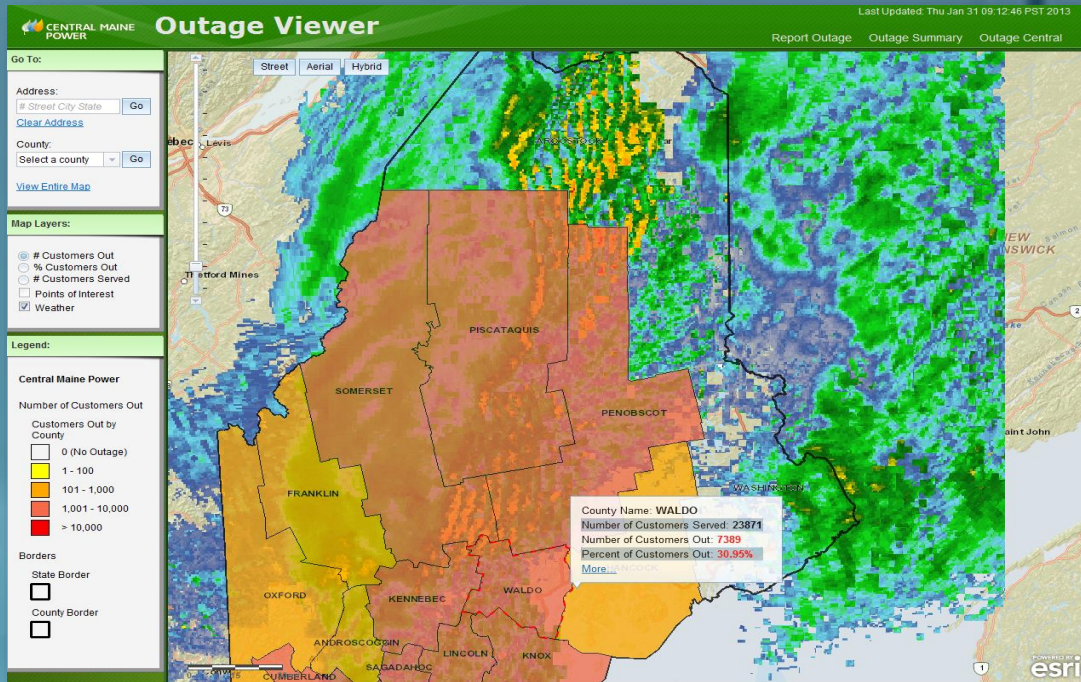

Try before you buy

Access to innovation

Supporting variable usage

Maintaining system performance in the face of major events

Highly available, scalable systems

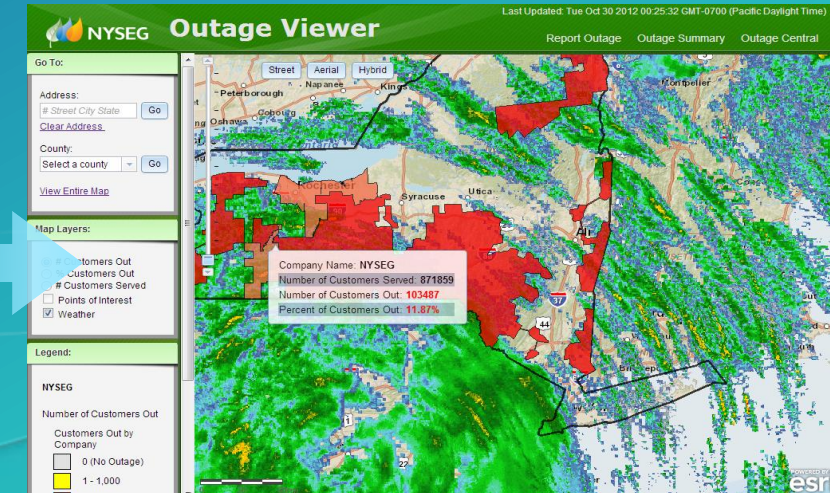

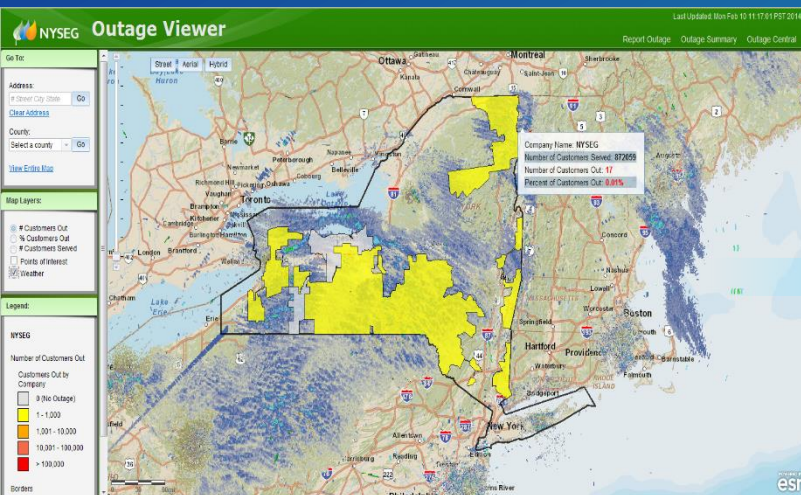

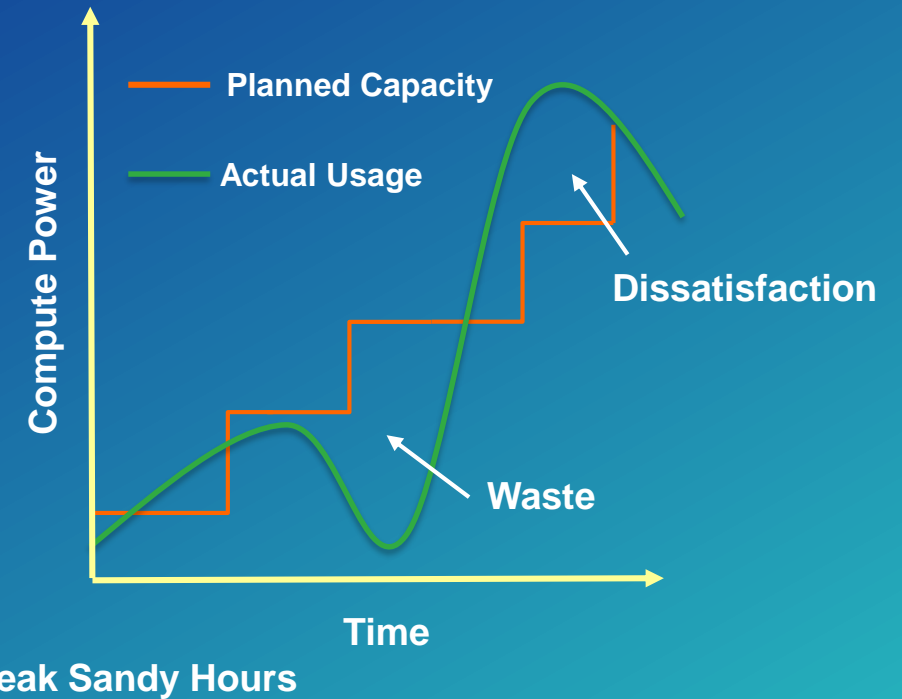

Supports day-to-day usage and major events

Frequent, automated data updates

Hurricane Sandy

- 14 additional servers (17 total)
- Central Maine Power - 34 million hits over 3 days
- New York State Electric & Gas – 76 million hits over 3 days

2/10/2014 -11:30 am

Avangrid and the Cloud

Cost savings

Flexibility and scalability

Increased security

Shorten time to value

Shared accountability

Try before you buy

Access to innovation

Migrating Enterprise GIS to the Cloud

Iterate from strength to strength

Phased adoption of Managed Cloud Services

Significant cost savings

Gained partner and service provider

Hawaii and the cloud

Cost savings

Flexibility and scalability

Increased security

Shorten time to value

Shared accountability

Try before you buy

Access to innovation

Data Center Consolidation Initiative

Reducing costs and improving GIS operations

Navigating the journey to the cloud

3 month proof of concept

Evaluating ArcGIS for Desktop in the cloud

BLM and the cloud

Cost savings

Flexibility and scalability

Increased security

Shorten time to value

Shared accountability

Try before you buy

Access to innovation

Leveraging WebGIS in the cloud

Bringing a location strategy to life

Augmented capabilities with GIS and cloud experts

100% cloud-based GIS practice

Anywhere, anytime on any device

Fort Hill Natural Gas Authority and the cloud

Cost savings

Flexibility and
scalability

Increased
security

Shorten time
to value

Shared
accountability

Try before you
buy

Access to
innovation

Key takeaways

- You can realize the promises of the cloud
- Iterate from strength to strength
- Cloud adoption is a journey
- You don't have to do it all on your own

Esri Cloud Readiness Assessment

Helping you determine where you're ready and where you'll need to pay extra attention

- 15-20 minute exercise
- Walk away with assessment and recommendations
- Areas covered:
 - Readiness/Preparation – Organizational Readiness and Data Management Practices
 - Logistics/Integration – Systems Integration and Workflow Integration
 - Application Development – General practices and customer applications
 - Architecture – Security and Use patterns

Tech Session

“Leveraging Esri’s Managed Cloud Services to Help Your Organization”

3:15-4:30 PM, Room 01A
