

Operations Dashboard for ArcGIS: Building Effective Dashboards

CHRIS OLSEN

Tips for great dashboards

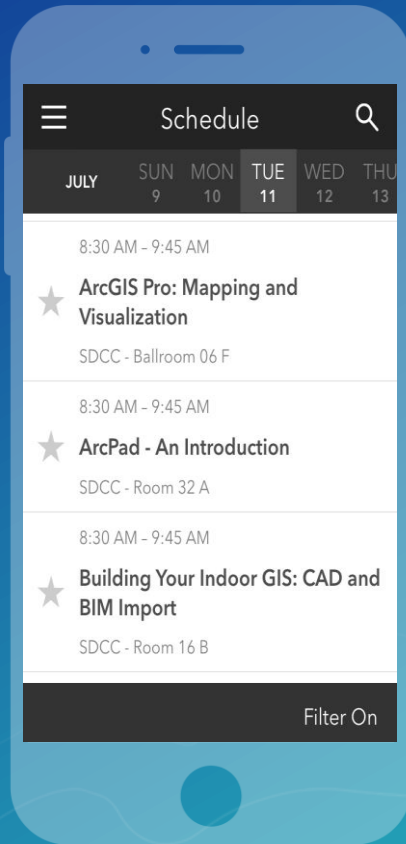

- Plan for your audience! Dashboards can be great for
 - Emergency Situations
 - Day to day Operations management
 - Key performance areas
- Data!
 - Dashboards work great with GeoEvent and other rapidly updating services
 - You can integrate services and monitor feeds from field apps like Workforce and Collector
- Next generation Dashboards are built and configured in the web- no download!
