

# Producing Fire Run Books and Station Wall Maps

Heather Eisan

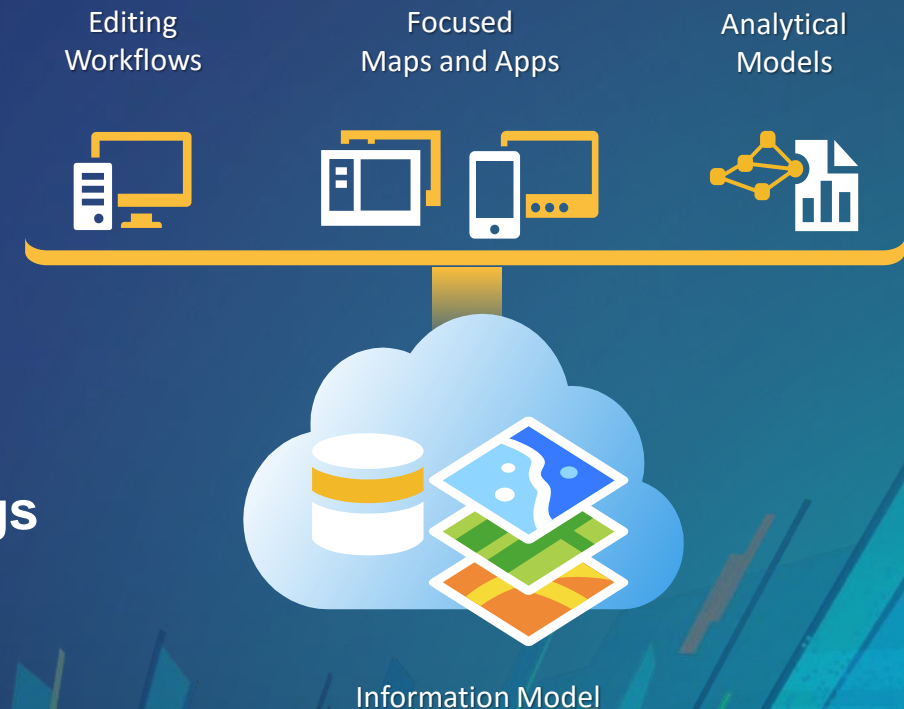

An abstract graphic on the right side of the slide depicts a fire run book and a station wall map. The graphic is composed of various colored geometric shapes and lines, including a prominent orange rectangle containing the text 'GIS INSPIRING WHAT'S NEXT'. The background of the graphic features a topographic map with contour lines and a fire run path marked with orange dots and lines.

# ArcGIS Solutions for Local Government

Improving local government operations and enhancing services provided to the public

- **Collection of useful maps and apps**
  - **Configurable and extensible**
  - **Freely available and fully supported**
- **Community of users**
  - **Best practices / Implementation Support**
- **Network of Esri Services and Partner offerings**
  - **Help users implement, sustain, and enhance**

.....Available on-premise or in the cloud

# What is a Fire Run Book?

- Author up to date hard copy Run Books for individual stations or entire fire response district
- Contains cover page, index page, street index and map book pages
- Provided in both landscape and portrait orientations
- Use map series to produce map book
- Python scripts for generating street index and binding PDF's into map book

# What is a Station Wall Map?

- **Large-format wall maps of each fire response district**
- **Provides navigation and general reference**
- **Ability to update data and generate new wall maps**
- **Use map series to produce multiple wall maps**

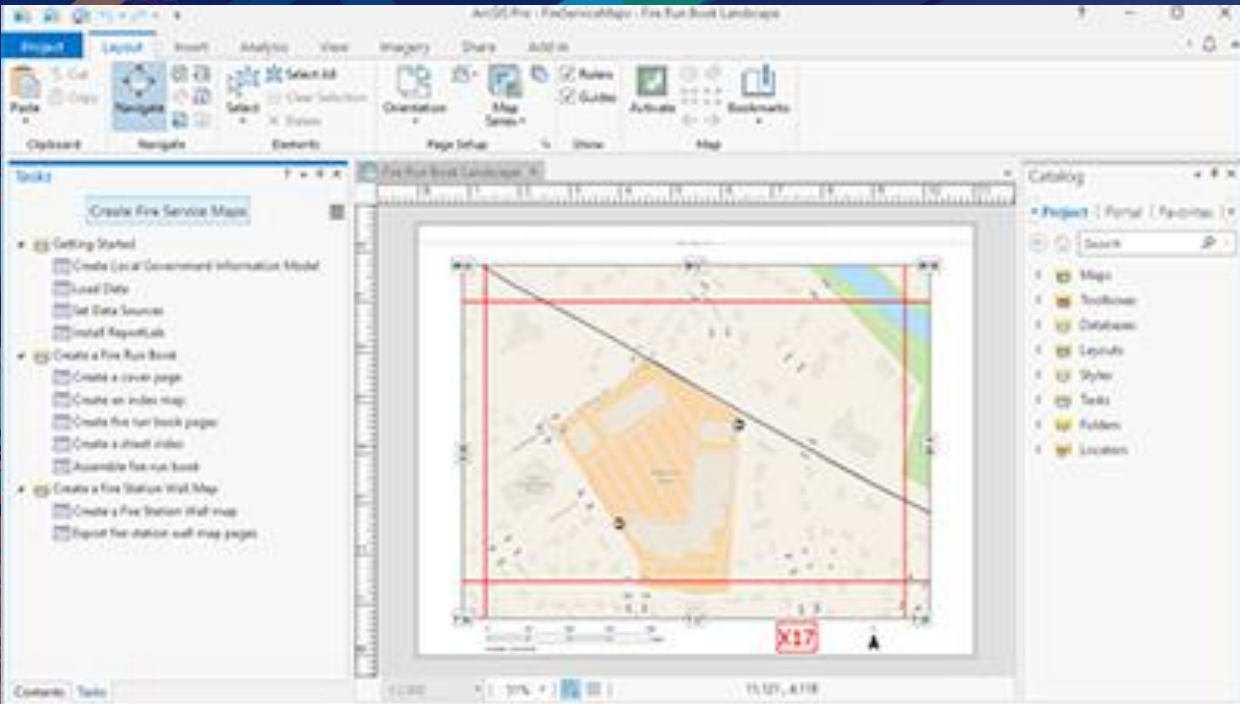

## What are Fire Service Maps?

- A configuration of ArcGIS Pro that can be used by mapping technicians.
- Create station wall maps and run books for each fire response district.

# Software Requirements

- **Solution deployment and map authoring**
  - **ArcGIS Pro 2.1 – 2.2 (Basic, Standard, or Advanced), and**
    - **ReportLab 3.4.0**
  - **Solution hosting**
    - **ArcGIS Online subscription, or**
    - **ArcGIS Enterprise**
