# What is the Public Notification application?

- **Allows local government staff to identify a collection of properties and create mailing labels, or a structured text file, of owners and occupants.**
  - **Used by planning and zoning officials.**
  - **Configuration of Web AppBuilder for ArcGIS using Public Notification widget.**
- 
- An abstract graphic in the bottom right corner of the slide. It consists of numerous overlapping, semi-transparent geometric shapes, primarily triangles and quadrilaterals, in various shades of blue, teal, and green. The shapes are arranged in a way that creates a sense of depth and movement, resembling a stylized cityscape or a complex architectural structure. The overall effect is modern and tech-oriented.
